## ACTING PRESIDENT'S MESSAGE • WILLIE GRAVES JR.

### *Time for action*

Spring and Easter are just around the corner, and so is the NCAUSBCA Open Championship Tournament for 2016. Everyone should get their teams and doubles partners together since entries now will close on March 28. This year's tournament will offer bowlers more opportunities to win prizes in a variety of categories, so do not delay. Squad times are filling quickly, and you do not want to be left out. A "fillable" entry form can be found on the association's Web site at [ncausbca.org/tournament/2016\\_open\\_entry\\_form.pdf](http://ncausbca.org/tournament/2016_open_entry_form.pdf).

As a reminder, you are in the home stretch in terms of your winter league play. The president and the selected league audit group should have reviewed the treasurer's records at least twice by this time of the season to ensure mon-

ies are at the levels they should be. You do not want to be surprised when payout time comes. For most of us, it will be here in a few months, and you don't want to learn at that time of a problem with the league's money.

The awards program is in full swing, and all league secretaries should send their award applications to the NCAUSBCA office as soon as possible. We would like to see individuals be recognized in their centers during their league season and not after it has ended.

As always, please send any questions you might have to [president@ncausbca.org](mailto:president@ncausbca.org), or you may call the office at 301/499-1693. I hope to see you at our Open Tournament this year. Have a blessed and enjoyable Easter, and keep those bowling balls rolling.

## New average integrity rules announced for 2017 USBC Open Championships

ARLINGTON, Texas – The 2017 United States Bowling Congress Open Championships will feature new average requirement rules that will use additional data to strengthen the integrity of the tournament's divisions. A central feature of the new rules will be the use of participants' Open Championships tournament average to help place bowlers in the correct divisions.

The new rules will require teams to set rosters 14 days in advance of participation, so tournament staff can have time to evaluate and verify averages. The 2017 tournament will mark the debut of a third division, the Standard Division for bowlers with entering averages of 181-209. The Regular Division now will be for bowlers with averages of 210 and above, while the Classified Division remains for bowlers who have averages of 180 and below.

## ASSOCIATION MANAGER • RONALD MCGREGOR

### *Important decisions made at Annual Membership Meeting*

Spring is in the air, and the 2015-2016 bowling season is almost over. Your league hopefully didn't miss too many weeks due to snow.

Our association conducted its 10th Annual Membership Meeting on February 28, and the results of the voting appear on pages 8 and 9. Virginia State USBC delegates and national USBC delegates are elected at this annual gathering. (The 2016 Virginia State USBC Annual Meeting will be held in Hampton on April 16, and the USBC Convention will take place April 26-29 in Reno, Nev.)

These delegates represent you and vote as you have directed at our Annual Membership Meeting, so it is important that you attend this meeting to give direction to the delegates. Decisions made at these meetings may affect your bowling for years to come, i.e., the decision to do away with nearly all USBC awards.

Tournament season is in full swing now, with our Mixed Scratch Doubles and Youth Championship tournaments recently completed. The **Open Championship** (April 2-3, 9-10, and 16-17 at The Lanes Fort Meade and AMF Capital Plaza) and the **Women's Championship** (June 18-19 and 25-26 at Potomac Lanes) events are still to come.

Hall of Fame nominations are

due April 30, so if you have any candidates you deem worthy of recognition, please submit their names with supporting documentation. All are welcome to nominate.

Secretaries are reminded to certify "second-half" leagues. If you are bowling in a short-season league in which there may be bowlers with USBC Basic memberships, please be aware of the limitations of this membership that include certification *only* for that one league in addition to no awards offered.

Secretaries who provide us with their eMail address periodically are sent updates of association events. They thus can choose to receive an online version of their final averages form (that also includes receiving an electronic confirmation of receipt), in addition to obtaining links to the latest online version of this publication, tournament entry forms and current standings, and much more. Of course, we ask all Facebook users to "Like Us" at [facebook.com/ncausbca](https://www.facebook.com/ncausbca) to receive the latest association news.

If there are any lawyers out there who would like to provide our office with some complimentary advice, please let us know.

Ronald McGregor may be reached via eMail at [manager@ncausbca.org](mailto:manager@ncausbca.org).

**BOWL Magazine** is published six times each season. All issues since September 2010 are available online for viewing/download at [www.ncausbca.org/bowlmag/bm\\_issues.htm](http://www.ncausbca.org/bowlmag/bm_issues.htm).

Graves Jr.; Adam Mitchell; Natalie Morales, Alexandria; and Clayton Stone, Alexandria.

A proposal passed by attendees that took effect immediately set the Annual Membership Meeting quorum at 50, with a minimum of 40 adult and 10 youth representatives.

During the Annual Membership Meeting, Mark Bennett, Gaithersburg, Md., and Cheryl Durham, Clinton, Md., each took home \$55 after winning "50/50" drawings, Yvonne Humphries, D.C., won a \$100 gift certificate, and the \$100 offer by Dominic Parham, Landonver Hills, Md., won the "Silent Auction" box of goodies.

At the Youth Representative Meeting that preceded the Annual Meeting, Andre Andrews, D.C., was elected to the NCAUSBCA board by attendees, as were incumbent directors Ruth Adams, Montgomery Village, Md.; Tom Dale Jr.; and Dominic Parham.

During the morning Board of Directors Meeting, Tom Dale Jr. was appointed with board approval to complete the term of Fourth Vice President Susan Ryan, who recently resigned.

## Invitational Notebook

Snow pushed back the start of the tournament one week, which moved the first round to Bowl America Gaithersburg, followed by Bowl America Fairfax, Bowl America Bull Run, AMF Capital Plaza, and finishing at Bowl America Shirley. The original schedule included a Round 4 stop at Bethesda Naval Bowling Center.

A Division champion Conner Kolessides has to be considered among the greatest Invitational players of all time, not only for winning three times in the past four years, but get this: He competed in the final round in each of the past six years, placing eighth in 2011, seventh in 2012, and sixth last year. ... Besides Kolessides, only four other finalists bowled in Round 5 last year—Jarrett DeFalco, Randall Stewart, Aidan Kaz, and Leonard Farlow Jr.

Amara Speights is the first female to make the A Division finals since Keisheena Waldon placed eighth in the 2007 event. Speights, who is only 15, has improved tremendously in the past two years, and it's a safe bet this won't be her last finals appearance. ... Seven girls reached the 2016 finals—just two fewer than the total number of female finalists in the previous six years.

A Division runner-up **Anthony Daniels II** is just 14, and his finals future looks bright. ... Dustin Mahmot bowled in his fourth finals in the past five years. ... The "Rise from the Dead Award" goes to **Herman Lee III**. Doubt me? Carefully review the "**Position-By-Round**" section on page 13. ... For the first time since 2006, there were no ties in any of the finals matches.

Kolessides was the only bowler to average over 200. Last year, 13 of 24 finalists topped the 200 mark. ... Why? This was the first year a Sport Bowling lane condition was used. Said Tournament Manager Kenny Robinson: "It was the 2008 Teen Masters long pattern, a 42-foot pattern that was kind of narrow in the middle and challenging on the outside. So they had to play a little bit more of a direct line and hit their mark more consistently instead of throwing it outside and watching it come back off the dry area. It was a lot nicer to see that some of these people were appreciative of the challenging shot and the idea of the results showing how close they were in averages and how low they were compared to years past that also made it more rewarding."

Watch for changes in what has been the "Alumni Invitational" that will permit many more bowlers to participate.

# Davidson, Driver, and Zweiban honored with 2016 Ted Gruszkowski Jr. Youth Star Award

*Cayla Davidson, Brandon Driver, and David Zweiban are the latest recipients of the prestigious NCAUSBCA Ted Gruszkowski Jr. Youth Star Award, which is named in honor of the late association Hall of Fame member who was a strong supporter of area youth bowling. The announcement of the 2016 winners took place prior to the start of opening round of the NCAUSBCA 47th Annual Youth Invitational Scratch Singles Tournament at Bowl America Gaithersburg on January 30.*

*The award winners, honored for their bowling achievement and/or service to youth bowling, each were presented with a plaque and \$200 in scholarship funds, which will be administered through the USBC SMART program. In addition, their names will appear on the plaque that contains the names of the 16 previous award recipients.*

## CAYLA DAVIDSON Manassas, Virginia

Cayla Davidson started bowling in 2007 at Bowl America Manassas. During her time bowling, she has placed in several tournaments, including the NCAUSBCA

Youth Championship and 600 Club tournaments. She won a gold medal in the Virginia Games Tournament and tossed her first 700 series in the Pepsi State Tournament last year.

She has qualified for National Junior Gold competition in Detroit, Buffalo, and Chicago and qualified for this year's event in Indianapolis. Cayla

also bowls in any tournament that she can. She bowls in the NCAUSBCA Youth Championship Tournament, 600 Club tournaments, Vern Burke tournaments, Invitational tournament, Virginia Games tournaments, and any local tournaments that the centers may have.

Cayla participates in numerous community service activities that involve bowling, and when needed, she often works with the younger bowlers. She helps with the Have-a-Ball program at Bowl America Manassas and also at school fairs in the bowling booth. She volunteers with the Special Olympics Area 23 bowling program, and when working with these groups, she stresses that bowling is a fun game and not to get upset with yourself if you are bowling badly.

A few coaches run a program called "Road to Gold" to help youth bowlers with their mental and physical aspects to the game. She has been in the group for four years with about 30 other youths.

While engaged with all of these activities, she maintains a 3.7 GPA as a junior at Osbourn High School in the biotech program.

On and off of the lanes, Cayla Davidson sets a standard for all youth bowlers to emulate.

## BRANDON DRIVER Woodbridge, Virginia

Brandon Driver, a graduate of Gar-Field High School, is currently a full-time student at Northern Virginia Community College, studying forensic science with a goal of working for the Federal Bureau of Investigation or the Naval Criminal Investigative Service. He

also works part-time jobs at Bowl America Woodbridge and at McDonald's on the Marine Corps Base in Quantico, Va.

Brandon, who comes from a family of bowlers, was a "bowling alley brat" while his grandparents and mother bowled in a Friday night league. He began his bowling career at the age of 11 at Bowl America

Woodbridge. His younger sister has joined the family

tradition, and Brandon is using his experience to help coach and guide her.

He assists with all the youth activities for several leagues at Bowl America Woodbridge. The younger bowlers look upon Brandon as a role model, and he takes that opportunity to motivate and assist in their growth as bowlers.

In recent years, Brandon has accomplished many goals, including taking first place for his division in all-events, singles, and doubles at the NCAUSBCA Youth Championship Tournament.

Brandon qualified for the North Pointe Junior Gold Tournament in 2013 and 2014 in the U20 Boys Division. He also placed fourth at the Virginia State Pepsi Tournament in 2014.

For the past several years, he has qualified for the Youth of the Month through Bowl America.

Whenever possible, Brandon bowls in any tournament available, including NCAUSBCA Youth Championship, 600 Club, Vern Burke, Nelson Perry, Invitational, and any local center tournaments. He just recently placed third in the doubles at Bowl America Bull Run. He also qualified for the Tournament of Champions during the 600 Club Doubles.

He has bowled several years in the Youth Travel League, which meets once a month. This league uses the tougher Sport Bowling patterns that will afford him a better opportunity in tournaments.

Brandon has bowled in many youth/adult leagues

and even a high school league in which his team has taken first place.

He also is a part of Steppin' Up to Chicago and Filipino Strength Bowling Concepts.

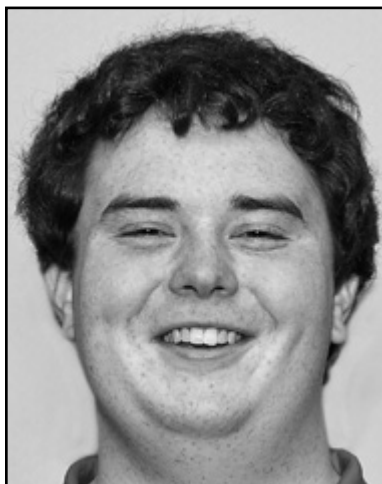

Brandon's highest youth league average of 214 is commendable for someone of his age. His highest game is a 299 and highest set is 731, as he continues to perfect his game.

## DAVID ZWEIBAN Manassas, Virginia

David Zweiban started bowling in 2007 at Bowl America Bull Run and then at Bowl America Manassas this season. He is liked amongst his peers and always is willing to assist his fellow bowlers. David is a senior

at Stonewall Jackson Senior High School and currently holds a 3.0 GPA.

During his time bowling, David has placed in several tournaments, including the NCAUSBCA Youth Championship Tournament and the 600 Club Tournament. He won silver and gold medals in the Virginia Games Tournament and gold in the

Commonwealth Games. He has bowled two 800 series and one 300 game.

David has competed in the National Junior Gold Tournament, having participated when it was held in Detroit, Buffalo, and Chicago. He already has qualified for the 2016 event in Indianapolis and continues to bowl in any tournament that he possibly can.

David currently does a lot to help youth bowlers. He works with a home school class that meets monthly at Bowl America Manassas and teaches the kids how to bowl. In addition, he helps in the bowling booth at school fairs.

David has been involved in recent years with the Road to Gold program, which is run by a few coaches to help youth bowlers with their mental and physical aspects to the game. He has been a great mentor to the younger bowlers in this program.

## ASK BOB • BOB KORTH

### *Kegel Company thoughts, the two-handed style, and more*

**Q.** *I have read that the Kegel Company does much more for bowling than make oiling machines. Do you have any insight on what else Kegel offers to bowlers?*

**A.** Yes! Two years ago, I visited the Kegel Training Center in Lake Wales, Florida. This is also the location of the Kegel factory for making the oiling machines. They have a state-of-the-art training center with a unique set of lanes that can be tweaked to different topographical conditions. They can read the lanes where you bowl and almost

exactly set up those conditions at their center.

They have a staff of world class instructors, and they have a CATS system on each pair. CATS is *Computer Aided Tracking System*. They also have video capabilities on each lane. It is an awesome place to break down your game and learn how to improve. They do group lessons and individual lessons. They can set up the lanes with any oiling pattern you want to bowl on or learn.

They have a pro shop and lunch counter. If you are serious about your game, this is a serious place to

learn. For information and prices and also for learning articles, go to their Web site at [www.kegeltrainingcenter.com](http://www.kegeltrainingcenter.com). You can also access videos from Kegel by searching "Kegel bowling" on YouTube. They have done many great learning videos.

**Q.** *I am new to the sport and have just joined a mixed league the season. I am a male and throw a straight 12-pound house ball. My teammates are after me to get my own ball. They said to get a reactive urethane ball and have the pro shop guy drill it to hook so I can get higher scores. What do you think about a new ball?*

**A.** Getting your own ball is a good idea, but there is more to this than having the pro shop drill it to hook. First, consider the weight—12 pounds for a man is very light. A heavier ball would help to knock down more pins.

A reactive ball is fine, but the pro shop folks cannot just drill it to hook. If you throw a straight ball, no matter what the pro shop does, it will still go straight.

So first ask the pro shop operator to watch you bowl to determine what might be the best ball for you to purchase. He or she might suggest a few lessons for you to improve your game. If you really want to get better, this is a great idea. How far you want to go to improve is your choice, but the ball alone will not make you a better bowler. It can help, but it is just one piece of the puzzle.

**Q.** *There has been a lot of controversy about the two-handed style lately, with some saying it is unfair. What is your take?*

## USBC OPEN, from page 5

“Manipulation of a bowler’s average is a serious issue in the sport and something USBC plans to aggressively address at the Open Championships,” USBC Executive Director Chad Murphy said. “Adding a new division to the event can only be successful by also addressing the integrity of the averages used.”

Key changes in the 2017 average rules include requiring participants to use their highest average from the following sources:

- Open Championships tournament average based on most recent 27 games since 2008 adjusted utilizing the USBC Sport Average Adjustment Scale.
- Past three seasons of USBC certified league play.
- Any league average reported as a Sport or Challenge league will be adjusted utilizing the USBC Sport Average Adjustment Scale.

Any bowler found using an average below the player’s ability will be disqualified and subject to suspension charges initiated by USBC under USBC Rule 17a, Grounds for Disciplinary Action – Unfair Tactics.

“These rule changes will represent a major shift in the culture of average integrity enforcement at the USBC Open Championships,” Murphy said. “When we catch people attempting to manipulate the system, they will be disqualified and subject to the most severe penalties available under USBC rules.”

To provide participants the information they need to report the proper entering average, a new version of “Find a Member” on *BOWL.com* now is available. The new version includes a section for “Championship Average” that displays the Open Championships tournament average based on the most recent 27 games since 2008 adjusted utilizing the USBC Sport Average Adjustment Scale. Bowlers should use the Sport Adjusted Average for the 2017 USBC Open Championships if it is the highest average available.

Based on tournament average, historical data shows about 20 percent of Classified Division bowlers should be in the Standard Division, while five percent of those with entering averages in the Standard Division range should be in the Regular Division.

“We recognize the new rules will require extra planning for captains and some people or teams will move up in division,” Murphy said. “We believe when bowlers step back and look at the big picture, these rules will be a reason to celebrate a better future for the sport as we protect the integrity of the tournament and set an example for other events to follow.”

## ASK BOB, from page 18

**A.** My take is very simple: There are no rules for throwing the ball except that you must stay with the same hand—right or left. Some say that this is right and left at the same time. Not really; if you watch closely, you will see that at release most throw the ball with just one hand. Most don’t use the thumb, so they are able to create much more power due to the revolutions they can produce.

But with that, also comes problems—more hook to control for one. And they still have to spare.

When bowling first started, bowlers only used two-fingered balls—the thumb and the middle finger. Then it went to three fingers. I use four fingers.

We went through the period of palming and just using the fingers with no thumb. Two-handed bowling is not going to go away, so get used to it. Both two-handed and traditional bowlers will have their days, good and bad.
