## USBC sets new specifications for bowling balls

ARLINGTON, Texas – Following three years of research on how technology has affected the sport of bowling, the United States Bowling Congress Equipment and Specifications Committee has established new specifications designed to sustain the playing field, both currently and in the future.

The new specifications, which will be implemented over the course of the next two seasons, were announced at the USBC Convention in Reno, Nevada.

"Technology impacts every sport, but it is our role as the National Governing Body to ensure the skill of the competitors on the lanes remains the deciding factor," said Andrew Cain, chair of the USBC Equipment and Specifications Committee. "The research presented revealed the impact technology has made on the sport's playing environment, and the committee determined there was a need to enact these specifications."

A new specification has been established for the oil absorption rate of bowling ball coverstocks, the first time such a specification has been set, and a specification to eliminate balance holes while increasing static weight allowances also has been approved.

## **LAS VEGAS TO HOST USBC CONVENTION IN 2019, 2020**

The United States Bowling Congress Convention and Annual Meeting will have a two-year run in Las Vegas, as both the 2019 and 2020 events will be held at The Orleans. The 2019 Convention will take place April 29 through May 2 and coincides with the USBC Open Championships taking place at the South Point Bowling Plaza. In 2020, the USBC Convention will run from April 27-30. The Women's Championships, which in 2016 became the first major USBC tournament held in the South Point Bowling Plaza, returns to the venue in 2020.

**HARROLD  
CAPPS  
(1931-2018)**

NCAUSBCA Hall of Fame member [Harrold Capps](#) died March 28 at age 86. Capps joined the board of the Nation's Capital Area Bowling Association (NCABA) at the start of the 1987-1988 season and served as a director until 2004. A member of the Hall of Fame's "Class of 2002," he attended several celebrations in recent years and also was a frequent patron of the event.

## **BOWIE STATE WOMEN 4-PEAT AS CIAA CHAMPIONS**

For the fourth time in as many years, the Bowie State University (BSU) women's bowling team, coached by NCAUSBCA Director Andrew "Doc" Campbell and his wife, LaVerne, captured the Central Intercollegiate Athletic Association (CIAA) Bowling Championship at AMF Lynnhaven Lanes in Virginia Beach on March 24. It was BSU's fourth straight CIAA crown and the eighth overall in school history. The team went undefeated during championship play and earned an automatic bid to the 2018 NCAA Bowling Championship. BSU junior Diamond Carter, who was a member of the All-Tournament Team, also was named MVP of the Championships.

## **MEMBERSHIP DEPT.**

Marcus T. Sherrod of Suitland, Md., recently was indefinitely suspended from membership in USBC, and must not bowl in any USBC leagues and tournaments or hold office in any USBC league, tournament, or state or local association including, but not limited to, association delegate, team captain and/or coach. Meanwhile, Lisa Han of Clifton, Va., was reinstated to USBC membership as of April 20, 2018 and again becomes eligible to compete in USBC leagues and tournaments with all of the attendant membership privileges.

## **FOR THE RECORD**

The correct average for Scott Verbel in the 2016-2017 Centreville Classics league at Bowl America Chantilly is 190 for 39 games.

## *Getting ready to enjoy the summer months*

Most winter leagues will end soon, and there are some hard questions that should be asked before you close down your league and start your summer.

- Has your league:
- Set the stage for a good start for next season?
  - Elected officers?
  - Scheduled the organizational meeting for next season?
  - Adopted league rules?
  - Signed the 2018-2019 season contract with your bowling center?
  - Determined what teams plan to return?
  - Collected phone numbers and eMail addresses of returning league members?

If some of these items already have been addressed, I believe you will have an enjoyable summer knowing that your league will have a successful start.

For those of you who would like to join a summer league, it will be a good time to continue your league

experience, keep your competition edge high, and your game sharp in preparation for the winter league. If bowling summer leagues is not for you, it would also be a great time to get some practice done without the pressure of league play and competition since many centers offer discounted bowling rates during the summer months.

No matter what you decide to do during the coming months, I would like to wish each of you an enjoyable, exciting, and fun-filled summer.

Please note that your local association office in Largo, Md., will be open all summer long, so stop by with any questions or concerns you have or send them to [manager@ncausbca.org](mailto:manager@ncausbca.org).

As always, you may also contact me with any questions or comments at [president@ncausbca.org](mailto:president@ncausbca.org). Please remember to keep your ball in the strike zone, but spares can always make you a winner.

---

### [BALL SPECS, from page 3](#)

In addition, new rules will be put into place to allow only a dry towel to be used to clean bowling balls during competition and to keep bowlers from changing the static weight (i.e., drilling grip holes deeper) of bowling balls during competition.

“The diligent work of the USBC Equipment Specifications and Certifications team spurred discussions in several areas, and the committee made decisions that are needed to protect our sport’s future,” USBC President Frank Wilkinson said. “Technology will continue to push the boundaries, and we will continue to analyze every aspect to make certain we are doing what’s in the best interests of bowling and our members.”

The new oil absorption specification for bowling ball coverstocks will require that for a new ball to be approved, submitted ball samples cannot have a rate of oil absorption under 2 minutes and 15 seconds (2:15), and must adhere to the 0.6% non-conformance rate.

See [BALL SPECS](#), page 6

## Editor’s Choice

### **The oldest sanctioned bowling lanes**

PBA Hall of Famer Parker Bohn III gives the lanes a try.

### **Parker Bohn III vs. John Burkett**

Parker Bohn III faces the former Major League pitcher in a PBA rolloff.

### **Championship Bowling: Lou Campi vs. Junie McMahon**

“Wrong Foot” Campi, winner of the first-ever PBA tournament, appears in this 1956 broadcast, featuring the new Brunswick Model A pinsetter and a “young” Chris Schenkel as program host.

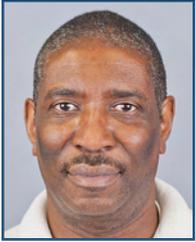

### **Tenpin Puzzlers: Saved by the Ball Sweep?**

Can a quick push of the reset button void a gutter ball?

### **Tenpin Puzzlers: What Came First, The Gutter Ball or The Five?**

Does a pin missing from the rack void a gutter ball?

## Another season means end-of-season phone calls

The fall 2017-2018 season is over for most, and hopefully you had some fun, competed hard, and above all, had a smooth league season with no drama.

Every year, the phone calls at this time of year center around prize payout—who is eligible (must have bowled at least two-thirds of the games), what to do if a bowler did not complete the season (prorate the money based on weeks bowled if he left in good standing, and he gets nothing if he withdrew improperly), is the bowler eligible if he had to switch delivery during the season (yes, all games bowled count, however both right- and left-hand averages must be reported), prize money was not correct (that is why audits are most important).

These and other problems that arose during the season should be noted and addressed at the next season's organizational meeting.

**Secretary:** Please be sure to submit the final averages list to the office and most importantly, in-

clude the Bowler ID Number. Even if the center prepares the league sheets for you, it is still *your* responsibility to make sure the final averages reach the office.

**President:** Did you make sure the secretary and treasurer completed their respective duties (final averages submission, treasurer's report) before authorizing payment?

Unfortunately, another bowling center is closing its doors. I am sure by now most are aware Parkland Bowl has indicated it will close the doors by the end of May, which may mean some leagues will grow by merging. If your league has already held an election for next year's officer positions, you may want think about how a merger will affect the elected positions.

Parkland Bowl has been around for a long time serving the bowling community, and we all wish Ms. Crescenzi and staff well.

***eMail Ronald McGregor***

### BALL SPECS, from page 5

The initial step on the oil absorption specification will begin Aug. 1, 2018, when bowling ball manufacturers are required to submit oil absorption data as part of the USBC bowling ball approval process. Manufacturers have been provided a standard operating procedure (SOP) to determine oil absorption rates.

The specification requiring a bowling ball's oil absorption rate to be more than 2:15 for the ball to be approved will take effect Aug. 1, 2020. Also, any ball models tested where the average oil absorption rate is under nine minutes and 30 seconds (9:30) will require additional balls to be tested.

The specification eliminating the use of balance holes will go into effect Aug. 1, 2020. Balance holes, also known as weight holes, are meant to

See **BALL SPECS**, page 12

## THE QUESTION:

**How many tournaments do you bowl each season?**

4

Sylvia Davis-Smith  
Clinton, Md.

This is my first tournament in two years. I'll maybe bowl more.

Jennifer Kaus  
Annandale, Va.

3

Linda Rinker  
Fairfax City, Va.

This is my first tournament in a while, but I plan to bowl many more.

Melissa Terry  
Suitland, Md.

4

Cecelia "CC" Warren  
Silver Spring, Md.

Mini-Bio

# KAYLA MEADOWS

**Rolls 300 game and 826 series,  
wins two titles  
at NCAUSBCA Women's  
Championship Tournament**

**CITY OF RESIDENCE:** Springfield, Virginia

**EDUCATION:** 2016 graduate of Bowling Green University, majoring in public health

**CURRENT JOB:** Pharmacy technician at Genoa Healthcare Pharmacy in Merrifield, Va.

**EARLIEST BOWLING MEMORY:** Walking into Bowl America Falls Church, and the manager gave me bowling shoes

**2017-2018 BOWLING LEAGUES:** Lost & Found at Bowl America Shirley and Sunday Morning Mixed at AMF Marlow Heights

**OTHER NOTABLE TOURNAMENT ACCOMPLISHMENTS:** I won the women's portion of Sean Friendly's "Tough Stuff" event in December 2016, and I recently finished in the Top 20 in the Rhodman.

**BEST PART OF MY GAME:** Consistency, ending up strong, mechanics

**WORST PART OF MY GAME:** My mental game

[www.ncausbca.org](http://www.ncausbca.org)

**WORST OR MOST EMBARRASSING BOWLING MOMENT:** I fell in practice this season.

**BEST TACTIC I USE TO HANDLE PRESSURE:** I settle in and take deep breaths.

**NUMBER OF BOWLING BALLS I BRING TO A TOURNAMENT:** 6 to 8, all 15 pounds

**SPARE-SHOOTER RATING (10 = best / 1 = worst):** 8

**MAKEABLE SPARE COMBINATION I MISS MORE THAN I SHOULD:** The bucket (2-4-5-8)

**IMPORTANCE OF BOWLING IN MY LIFE (10 = most / 1 = least):** 7

**MOST IMMEDIATE BOWLING GOAL:** Shooting 800 and 300 in league play

**SUPERSTITIONS:** I stand in the same spot, and I have a routine with my rosin bag.

**INTERESTS OUTSIDE OF BOWLING:** I watch movies.

**BOWLER I ADMIRE:** Kelly Kulick

**NICKNAME:** My Sunday team calls me "AK-47."

**THREE FAMOUS PEOPLE I'D INVITE TO MY HOME FOR DINNER:** Betty White, Melissa McCarthy, and Michelle Obama because they are all extremely successful, funny, and inspiring women.

**SUBJECT ABOUT WHICH I'D LIKE TO KNOW MORE:** Irish culture

**ONE WORD THAT BEST DESCRIBES ME:** Consistent

**PHILOSOPHY I LIVE BY:** Work smarter, not harder

# TORI LYLES

Tori Lyles got introduced to bowling at around age 7 when her father brought her to his league at Bowl America Silver Hill. Though she rates the sport only a “6 or 7” as far as importance in her life, she admits loving bowling and currently rolls in leagues at Rinaldi’s Riverdale Bowl, Crofton Bowling Centre, and Parkland. The event planner, who rolled a perfect game September 21, 2017 at Parkland and has a high series of 759, recently took the time to real some of her favorites with editor Bob Cosgrove.

# The Best Bowling Tip I Ever Received

By Traci Morris

The best bowling tip I ever received actually was a negative comment I overheard from a “200-plus” bowler in 2004 at AMF Marlow Heights. I was averaging around 170 and had signed up for the Lilac City Bowling Tournament. A group of bowlers were talking about the tournament when I heard that bowler telling someone I was going to go all the way to New York to “bowl bad.” Obviously, it bothered me because I still remember that comment.

That’s when I decided to get serious about bowling. I spent a whole summer working on picking up the 10-pin. I took lessons from Jim Taylor, who improved my form, which gives me a solid approach. People have commented about how consistent I am at getting to the foul line. Even when I’m not scoring well, a few have said, “at least you look good.” I’ve also had lessons from the Dick Ritger Bowling Camp, NCAUSBCA Hall of Famer Crystal Shaw-Wesby, the Kegel Training Center, and USBC Gold Coach Susie Minshew.

It’s good to gather all this information, but it would not have become part of my game unless I practiced. Thanks to my husband, Daniel, my practice time increased tremendously. He provides instant feedback during practice sessions, recognizes when I regress, and identifies where I need to grow.

I have seen a great improvement in my tournament play. Over the last five years or so, I have placed higher and cashed more consistently in the team, singles, and doubles events. I have finished in the Top 5 in singles events of the local Guys and Dolls Scratch and Handicap, the local Ladies of the Lanes Scratch, the Dutchman Bolony Tourney Ladies Handicap in Pennsylvania, the TNBA National Championship Ladies Scratch in Texas, and the Bill Rhodman Senior Women’s Division in Delaware. Because there is so much more to learn about bowling, I continue to seek lessons, attend training, and read books and magazines to increase my knowledge of equipment, lane play, ball motion, and the mental game.

As a certified coach with the Potomac Youth Pinbusters, I like to point out the positive aspects of the shot before going into what wasn’t so good. This is especially helpful for our younger and new bowlers. Sometimes all I can say is “good try,” but the positive reinforcement keeps them from pouting and giving up on the sport.

I encourage the bowlers to focus on execution and spare shooting, as these are the things that began my bowling transformation. I want the youth bowlers to have them as a foundation to their successful bowling careers.

---

*In the 2016-2017 season, Traci Morris was NCAUSBCA’s eighth-ranked woman bowler with a composite average of 202.6817 for 333 games.*

---

## [BALL SPECS, from page 6](#)

correct static imbalance in bowling balls, but more recently have been used to change the design intent of balls. By allowing bowling balls (for balls weighing more than 10 pounds) to have up to three ounces of static side, thumb, and finger weight—which is up from one ounce—and up to three ounces of top weight, there no longer will be the need for a balance hole to correct static imbalance in the typical ball layout.

The specification increases in static weights take effect Jan. 1, 2020, which will allow bowlers the

opportunity to plug balance holes prior to the elimination of balance holes starting Aug. 1, 2020.

With the elimination of balance holes, bowlers may have up to five holes for gripping purposes and all gripping holes must be used on every delivery.

The change allowing only a dry towel to clean bowling balls during competition becomes effective Aug. 1, 2019. It eliminates the use of liquid cleaners of any kind during competition, which aligns with other changes to ensure equipment is not manipulated during competition. The change prohibit-

ing a bowler from adjusting static weight during a competition by drilling grip holes deeper goes into effect Aug. 1, 2020.

It is important for bowlers to understand the specification for oil absorption will not eliminate any bowling balls from competition, as all current balls will be grandfathered in. Bowlers also should be aware that because the increase in static weights starts Jan. 1, 2020, they will have seven months to have any balance hole plugged so they will be in compliance when the specification eliminating balance holes starts Aug. 1, 2020.

# Dena Kearney honored as NCAUSBCA Secretary of the Year

During the Monday Morning Trios league at Crofton Bowling Centre, NCAUSBCA Hall of Fame member [Dena Kearney](#) (second from left) receives the association's "Secretary of the Year Award" for the 2016-2017 season from Director Cynthia Cooks (right), who chairs the Secretary of the Year Committee. Also taking part in the presentation are Katie Holloway, who nominated Kearney, and league president Mayfield Irick.

## USOC lifts USBC probation and returns USBC to full National Governing Body status

ARLINGTON, Texas – The United States Bowling Congress (USBC) Board of Directors has adopted and modified the due process procedures in its governing documents following a report and recommendation from the United States Olympic Committee (USOC).

The changes were effective April 30, 2018 and include providing any USBC member the right to an in-person hearing when charged with a rules violation that could result in suspension of USBC membership. As a result, the USOC has lifted USBC's probation and returned USBC to full National Governing Body (NGB) status with continued membership in USOC.

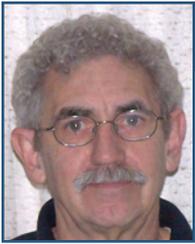

The previous policy offered an automatic right to an in-person hearing for Team USA members and actively

engaged athletes, as defined in the USBC Bylaws, and gave the Rules Department and the Legal and Legislative Committee discretion on whether to conduct an in-person hearing in all other cases.

USBC also clarified the process for members to submit a formal grievance against USBC, including grievances related to USBC's fulfillment of its NGB responsibilities as required by the Sports Act and USOC Bylaws.

The report and recommendation came following a Section 10 complaint filed with USOC. As a result, USOC placed USBC on probation, while staff from the two organizations worked together to modify language as needed in USBC's governing documents.

"USOC appreciates USBC's transparency and cooperation throughout this process," USOC Chief of Sport Operations and Paralympics Rick Adams said. "The USOC looks forward to a continued strong relationship with USBC and working together toward a successful Pan American Games in 2019."

## Health update; lessons I receive; 7-10 splits on pocket hits

**Q.** *I missed your article the last couple of months. Where did it go? I hope you're okay.*

**A.** I have been working on getting my health together. I had to go to Seattle, Wash., to get proton beam therapy for prostate cancer. This lasted about two and one-half months. I am back home now and feeling well. Proton beam is one of the newest ways to take care of several different kinds of cancer, and I was lucky to find it.

I will get on my soapbox for a couple of sentences here. To all you stubborn men out there, keep a close watch on your prostate; its

cancer is the second leading killer of men in the country and the easiest to cure if you find it early. I have been watching mine and getting tests since 2004.

So although I had a high PSA test, and it was an aggressive kind, I am sure to be okay. Proton beam is awesome—very little side effects and a very pinpointed type of radiation.

During my treatment, I was able to bowl. I was a sub in two leagues and bowled in four different tournaments. So be sure and do your homework if you need treatment for any type of cancer to find the best options for you.

**Q.** *Do you ever take lessons? If so, where do you go?*

**A.** This is a great question but a tricky one. Everyone will have their own answer for whom to see for lessons, but here goes: The answer is yes, I do take lessons. I have had lessons from a variety of different coaches over the years—most recently from Ron Hoppe in Burlington, Wash.

While I was going through my prostate therapy, and Burlington is about two hours from Seattle, I went to see my friend Ron. He fit me with a grip in 1992 that really helped me. So I went to him, hoping he might help me gain some ball speed.

First thing he said to gain speed was I would have to rework my entire grip again. As we get older, everything changes, and I needed the grip change to be able to hang on to the ball in the backswing without squeezing. So the grip was changed to Ron's customized grip for me. All I can say is, *Wow! Does this work well.*

Then with a lesson and a swing change, my speed has gone up two-to-three miles per hour. My swing is more loose than it has been in years. While getting used to the change, I cashed in two of the four tournaments. And when I returned home, my first night back in league I shot 747. Two weeks later, 753. I was having fun again.

Lessons are always good for anyone, no matter your age, and I am almost 76—also, no matter how good you think you are.

**Q.** *I have been leaving 7-10 splits on good pocket shots. These are game killers. What is going on?*

**A.** Don't get upset with me, as I am just the messenger. We have all

## Check Your Knowledge

1. What is the cost to certify a tournament with USBC?
2. Which area AMF center closed in 2009—Bowie or Alexandria?
3. Which center hosted this season's NCAUSBCA Women's Championship Tournament?
4. True or False: A forfeit can be declared if a bowler delivers his ball between his legs during a game if that is not his normal delivery.
5. True or False: A two-handed bowler may use his dominant hand to convert spares.
6. She was selected "NCAUSBCA Secretary of the Year" for the 2016-2017 season.
7. What does the scholarship program-related term "SMART" stand for?
8. This NCAUSBCA member currently serves as a USBC director.
9. What is the official starting date for USBC's 2018-2019 season?
10. How many individuals have been honored with the NCAUSBCA Ted Gruskowski Jr. Youth Star Award?

ANSWERS: 1, There is no fee; 2, Bowie; 3, Bowl America Burke; 4, True; 5, True; 6, Dena Kearney; 7, Scholarship Management and Accounting Reports for Tenpins; 8, Adam Mitchell; 9, August 1, 2018; 10, 24.

# Delegates decide eight amendments at USBC Convention

RENO, Nev. – The 2018 United States Bowling Congress Convention and Annual Meeting wrapped up April 26 at Grand Sierra Resort with delegates voting on proposed legislation and for the three open positions on the USBC Board of Directors.

The USBC Nominating Committee slated three candidates for the three open board positions—incumbents Jay Daryman of York, Pennsylvania, and Karen Jost of Tumwater, Washington, along with Dennis Hacker of Longtown, Missouri. No candidates ran from the floor.

Following a motion, and a second, for acclimation of the three candidates, Daryman, Jost, and Hacker were elected by delegates by voice vote. It will be the third three-year term for Jost, the second term for Daryman, and the first for Hacker. All three will begin their terms on Aug. 1, 2018.

Also, during the Annual Meeting, delegates voted on eight proposed amendments—two for league rules, three related to tournament rules, and three proposals to bylaws.

Both league rules were rejected, while all three tournament rules, including the rule requiring tournament managers to be members of USBC, were accepted.

Two of the bylaws proposals passed, including the national bylaws proposal to allow the USBC president and vice president to serve a two-year term with a limit of two terms and for a USBC president elected in his/her ninth year to remain on the board with a 10-year maximum.

The National Recognition Awards and national youth awards,

including the Alberta E. Crowe and Chuck Hall Star of Tomorrow awards, were presented on Thursday.

Delegates also heard reports from USBC President Frank Wilkinson and USBC Executive Director Chad Murphy, plus reports from the USBC Strategic Planning Committee and from International Bowling Campus Youth Development.

Highlights from Convention week include USBC's announcement of new specifications for bowling balls. The new specifications, established by the USBC Equipment and Specifications Committee, will be implemented over the course of the next two seasons. Visit [BOWL.com/BowlingTechnologyStudy](http://BOWL.com/BowlingTechnologyStudy) to learn more about the specification changes.

Other highlights included the annual presentations for Bowl for the Cure® and the Bowlers to Veterans Link (BVL).

BVL, which was founded in 1942 and is the sport's oldest charity, provides recreational and therapeutic programs and services to America's active duty and veteran

service men and women. Delegates had the opportunity to hear from Marine veteran Johnny "Joey" Jones, who lost both legs after stepping on an IED in Afghanistan and who now works with Southern Ground, a camp for children ages 7-17 and military families.

Through contributions raised during the 2016-2017 season, BVL raised just over \$1 million for the Department of Veterans Affairs. California once again was the top state association contributor with \$113,874, while Metro Phoenix USBC led local associations with \$27,070. Learn more about BVL at [BowlForVeterans.org](http://BowlForVeterans.org).

Bowl for the Cure is a year-round fund-raising initiative sponsored by USBC in partnership with Susan G. Komen®. Thanks to the efforts of donations from local and state associations, plus the sale of merchandise and online donations, USBC presented a \$413,922 check to Susan G. Komen.

USBC has raised more than \$11 million through Bowl for the Cure since 2000. Visit [BOWL.com/BFTC](http://BOWL.com/BFTC) to learn more.

## Miss the USBC Convention?

**Session 1** – Includes the BVL report and an address by Marine veteran Johnny "Joey" Jones.

**Session 2** – Emphasis on youth and collegiate bowling and reports by the president and executive director.

**Session 3** – The Annual Meeting followed by a "Town Hall" Meeting.

### USBC Hall of Fame induction ceremony

NCAUSBCA Hall of Fame member Kendra Gaines along with Baltimore's Danny Wiseman were among the inductees into the USBC Hall of Fame's "Class of 2018."

**Lee Brosius**

## 13th Annual DC's Finest Mixed Handicap Tourney begins July 7; July 28-29 dates to replace July 4

The 13th Annual DC's Finest Mixed Handicap Tournament will return to Crofton Bowling Centre on July 7-8, 14-15, 21-22, and 28-29, 2018.

Features include teams (2 men/2 women), mixed doubles, singles (including an optional senior handicap category for bowlers 50+), all-events, optional scratch events, and a Crossover Doubles. Bowlers entered in singles must also bowl doubles the first time they bowl and vice versa.

**Crossover Doubles (\$10 per bowler):** Enter with bowlers on same squad only. Any combination (2 men, 2 women, or 1 man and 1 woman). You will use scores bowled in your doubles or team event. There will be a separate prize fund for Crossover Doubles.

Tournament Manager Eugenia McDonald notes \$100 high game male & female awards will be offered on July 7-8 and 28-29 (the latter dates added to replace July 4 due to a center adjustment).

Entries, reentries, and walk-ins will be accepted based on lane availability until 1:30 p.m. on July 29, 2018. However, if you don't pre-register, there will be a \$10 fee added to your walk-in entry. An additional squad at 1:30 p.m. may be added as needed.

Click [here](#) to view an entry form.

## ASK BOB, from page 14

heard this saying, *I am preparing you for some things you might not want to hear.* The 7-10, which both right- and left-handers leave, is not a good shot. Most times, it is either directly through the nose or, as in the case of what looks to be a decent pocket shot, it is actually a bad shot. It is caused by either missing your target outside by quite a bit, the ball tries to recover, and it rolls out at the pins and causes a weak hit as it loses energy.

If you pull the ball and leave it in the oil too long, the ball does not get into a good roll, and the result is a weak hit.

You overturn the ball, and it comes up late—again, weak hit.

Or it could be just a matchup problem. You could have an incorrect ball layout or surface for the lanes, and the ball reacts too late.

But most of the time, it is caused by the bowler missing the intended target.

***eMail Bob Korth***
