### USBC introduces new center inspection and certification program

**LAS VEGAS** — The United States Bowling Congress introduced new details for a tiered center certification program and unveiled a data-collecting tool for center inspections at the USBC Convention and Annual Meeting.

"After several years of data collection and analysis, and multiple discussions with industry stakeholders, it was determined that a new process was needed to complete the inspection and certification of all the lanes and bowling centers," said Samuel Guy, USBC Director of Center Certification.

Over the summer, USBC will begin hiring and training four inspectors and one coordinator to staff this new program. The inspectors will certify centers year-round, beginning January 2023. USBC will inspect approximately a third of the centers in the United States each year, then will repeat the cycle.

Inspections will be \$30 per lane and include a three-year certification for centers that meet the gold, silver, or bronze requirements. Centers that do not meet those requirements will be required to have an annual inspection until they are able to move into one of the three tiers. The tier requirements will be announced

**ON THE COVER:** A glance at the end-of-season stats for substitute bowler Rai Doblmeier in the First Niters league at Bowl America Falls Church will likely cause a double take, as they certainly can't be right. They are indeed correct, assured league secretary Andy Anderson. Doblmeier is the subject of the "Mini-Bio" that starts on page 8.

USBC HALL OF FAME  
WELCOMES 2021 AND  
2022 CLASSES

The United States Bowling Congress Hall of Fame added two classes of inductees April 27 when it held its second induction ceremony of the 2022 USBC Convention and Annual Meeting at The Orleans Hotel & Casino in Las Vegas. The 2021 class kicked off the night, as Sandra Jo Shiery of Coldwater, Michigan and Mark Williams of Beaumont, Texas were inducted in the Superior Performance category, while Barbara and Bill Chrisman of Pleasant View, Utah were inducted for Meritorious Service. The Chrismans were the seventh husband and wife overall to be inducted into the USBC Hall of Fame but the first to be enshrined in the same year. The 2022 class featured Tammy Turner of West Palm Beach, Florida for Superior Performance, while Bo Goergen of Midland, Michigan was inducted in the Outstanding USBC Performance category. Bill Allen of Orlando, Florida and Roger Zeller of San Antonio, Texas were inducted posthumously in the Veterans and Meritorious Service categories, respectively.

WHAT TO DO WHEN  
A BOWLER OWES FEES

Are there bowlers in your league who stopped showing up and owe fees? If the answer is yes, and efforts made to collect the funds have failed, a complaint may be filed with USBC for failing to pay league fees and improper withdrawal by following the procedures in Rule 115b. USBC has the following tools to assist with the procedures: [Sample meeting notification letter](#); [Checklist](#); and [How to hold the meeting](#).

BRIEFLY....

The Professional Women’s Bowling Association recently added two new classes of inductees to its Hall of Fame. The 2020 class includes Pam Buckner of Reno, Nevada and Carolyn Dorin-Ballard of Keller, Texas, who were inducted in the Performance category. Australia’s Carol Gianotti also was elected in Performance as part of the 2020 class, but she will defer her acceptance until 2023. The 2022 class featured Kim Adler of Cocoa Beach, Florida and Kim Terrell-Kearney of Greensboro, North Carolina in the Performance category, with Joan Romeo of Las Vegas being inducted in the Meritorious/Builder category. ... The International Bowling Media Association recently announced its 2022 IBMA Collegiate Bowlers of the Year, presented by Storm Bowling: Alec Keplinger of Coldwater, Mich., a junior majoring in accounting at Wichita State University, and Maryssa Carey of Hobart, Ind., a graduate student at Indiana Institute of Technology.

INSPECTION, from page 3

at a later date, after USBC has collected and analyzed a sufficient sample of center inspections under the new process.

Inspections will be completed utilizing the Automatic Certification Evaluation Tool, also known as ACE. ACE is a state-of-the-art topography recording device that utilizes digital sensors and a precision-machined frame to collect lane data and generate certification reports in real time.

ACE will record all of the data points used for certification on a lane in approximately five minutes, compared to a 10- to 12-minute window with tools previously used in the process.

The data will automatically be input into a report, creating a more efficient collection method compared to previous practices that required local associations to manually record the information for each lane.

After the inspection is completed, the data will calculate the percentage of measurements that meet USBC specifications and ultimately place the center in a tier.

“Our goal was to make the inspection process more efficient, accurate, and consistent,” Guy said. “ACE delivers that with a push of a button.”

The USBC Equipment and Specifications team has been working on the development of ACE for several years in correlation with the announcement of a tiered center certification program in 2019.

The program was introduced following a study of the lane certification process and analyzing data from lane inspections.

Those who are interested in becoming a National Lane Inspector or Center Certification Coordinator can apply at [BOWL.com/Careers](#).

## MANAGER'S MEMO • RONALD MCGREGOR

### League secretaries—not centers—are responsible for final averages

For many leagues, the winter 2021-2022 season is over. As a reminder, final averages must be submitted to the association office *within 15 days of the final league session*. It is **not** the bowling center's responsibility to turn in the averages; it is the job of the league secretary.

Bowler ID numbers are crucial, as they help us make sure totals are credited to the correct bowler. We can send you a fillable average request form that will have all of the Bowler IDs listed — provided the secretary made sure each bowler was certified for the current season and then submitted membership applications within the 30-day limit. Please email a request to [manager@ncausbca.org](mailto:manager@ncausbca.org) or [bowlmag@hotmail.com](mailto:bowlmag@hotmail.com). We have received a few submissions with nicknames, so the ID number will definitely help.

This summer season is shaping up to be bigger than last summer if the reports from center managers hold true. Hopefully, it is a sign that league bowling is back from the lows of the pandemic years.

As a reminder, if you purchased a standard membership this season, it is good for the summer as well. If you need to purchase a membership for the summer season, you have two options:

(1), A basic membership costs \$11.00 and is only good for *one* basic (16 weeks or less) league. You will need to purchase a membership for each league you decide to join.

(2), Standard membership costs \$24.00 and is good for multiple leagues.

All 2021-2022 memberships will expire at the end of the summer.

NCAUSBCA is hosting this season's Virginia State Women's and Open tournaments at Bowl America Bull Run and Bowl America Chantilly. Judging by the number of entries, bowlers are getting back to tournament participation as well.

We also will host the Virginia State Senior Tournament in October at the same two centers.

The [NCAUSBCA 40<sup>th</sup> Annual Senior Tournament](#) is scheduled for November at Bowl America Shirley, and the popular NCAUSBCA Mixed Tournament in Support of BVL will take place in December to round out the year.

Plans for next season's other association tournaments are being finalized now, so look for news about them in *BOWL Magazine* and on Facebook and the association Web pages.

Upcoming event of note: Our 16th Annual Membership Meeting will be a virtual meeting again this year and will take place on Wednesday, June 29 at 7:00 p.m. The notice on page 7 tells how to register for the meeting.

RAI DOBLMEIER

CITY OF RESIDENCE: Alexandria, Virginia

SOCIAL STATUS: single

EDUCATION: 2 years of college

EARLIEST BOWLING MEMORY: When I was 8 years old, I saw a man bowling with a high swing and good form. I was amazed, and I wanted to be like him.

MY PREFERRED BOWLING BALL BRAND: Currently my brand is Storm, but for most of my youth and young adult bowling, it was Hammer.

WEIGHT OF MY BOWLING BALL: 14 pounds

BEST PART OF MY BOWLING GAME: My release is smooth, and I was told by the coach for Jason Couch that I had a near-perfect release.

WORST PART OF MY GAME: I need to improve controlling my speed and maintaining it on a consistent basis.

MY WORST OR MOST EMBARRASSING BOWLING MOMENT: My most embarrassing moment was upon arriving at the bowling center, I realized I left my bowling shoes at home. I used house shoes and bowled 160 game. My mom arrived with my shoes, and I bowled a 269 game.

MY BIGGEST THRILL IN BOWLING: The biggest thrill for me was to bowl internationally in Australia and Taiwan to represent the United States at the Deaf Olympics games. I was the youngest person ever to be on the Men’s Bowling Team at 16 years old.

BEST TACTIC I USE TO HANDLE PRESSURE: I take deep breaths on the approach before I start.

SPARE-SHOOTER RATING (10 = best / 1 = worst): 9

MAKEABLE SPARE COMBINATION I DON’T WANT TO SEE IN THE 10TH FRAME: 6-9-10.

IMPORTANCE OF BOWLING IN MY LIFE (10 = most / 1 = least): 9

INTERESTS OUTSIDE OF BOWLING: Currently, I enjoy playing disc golf as much as I can, and I see several parallels with bowling.

FAMOUS LIVING PERSON I MOST ADMIRE: Pete Weber because he follows his gut when making bowling decisions as he plays.

FIRST THING I’D BUY IF I WON THE LOTTERY: I would buy a bowling center.

STRANGE AND UNUSUAL FACT ABOUT ME: I was born in Lithuania and came to the United States at 6 years old.

NEXT RISK I WANT TO TAKE: I would like to finish college and set up my own business.

IF I HAD MORE TIME, I WOULD....: work out more to improve my bowling game.

THE ONE PLACE I WANT TO VISIT: I would like to go back to Lithuania and see where I grew up and find my brother and sister.

WEB SITE I VISIT MOST DAYS: I love to watch any Web site that has bowling or disc golf information.

MY HEROES IN LIFE: My mom

TRAIT I MOST DEPLORE IN MYSELF: I feel that I can waste time and not accomplish things.

MY MOST TREASURED POSSESSION: My phone because it is my communication tool.

NECESSARY EXTRAVAGANCE: I will buy a new bowling ball or a new disc for disc golf.

IF I COULD BE GRANTED ONE WISH, IT WOULD BE....: to have a bowling girlfriend.

MY FUTURE PLANS: I plan to finish college, get a good job, or set up my own business.

PHILOSOPHY I LIVE BY: My motto is to “expect the unexpected in life.”

Rai Doblmeier, 34, rolled 105 games and thus had perfect attendance in the First Niters league at Bowl America Falls Church this season. Big deal, you say? Indeed, as Rai was a substitute the entire season, and one that likely was highly requested: He averaged 229.3, had a high game of 289, a top series of 822, and scored 14 700 series. As a regular member of the Falls Church Commercial league, he averaged 231.3 for 108 games, with highs of 279 and 802, along with 19 700 series.

# Sole legislative proposal rejected at USBC 2020 Convention

LAS VEGAS — Delegates elected three board members and voted on one legislative proposal at the 2022 United States Bowling Congress Convention and Annual Meeting, which concluded April 28 at The Orleans Hotel & Casino.

The ballot for the USBC Board election had five candidates slated by the USBC Nominating Committee — Brandon Bowman of Mukilteo, Washington; Anthony Colangelo of Meridian, Idaho; Bo Goergen of Sanford, Michigan; Melissa Mc-

Daniel of Raleigh, North Carolina; and Cheryl Younger of Leavenworth, Kansas.

On the first ballot, incumbents McDaniel (580 votes), Goergen (397 votes) and Colangelo (396 votes) were re-elected, with Younger receiving 346 votes and Bowman receiving 340 votes. A candidate had to receive a majority of votes from the 701 votes cast to be elected.

Team USA athletes re-elected Andrew Anderson of Holly, Michigan to a second term and elected Sydney Brummett of Fort Wayne, Indiana.

The newly elected board members begin their three-year terms Aug. 1, 2022.

The USBC Board of Directors reelected McDaniel to serve a second two-year term as president. Dennis Hacker of Longtown, Missouri was elected to his first two-year term as vice president.

Angel Metsch of Statesville, North Carolina is joining the International Bowling Campus Youth Committee, which also returns current members Chrissie Kent of Newark, New York and Christopher Floyd of Lockport, Louisiana.

In addition to the board elections, delegates voted on one proposed bylaw amendment. Delegates rejected a bylaw proposal to allow remote electronic voting for future USBC Annual Meetings.

Indiana State USBC was awarded the Association Excellence Award at the event. Hacker, the USBC Awards Committee chair, surprised the Indiana State USBC delegates as part of the USBC Convention awards ceremony.

The presentation of national awards, including the Alberta E. Crowe Star of Tomorrow Award to Lara Kurt of Leland, North Carolina and the Chuck Hall Star of Tomorrow Award to Spencer Robarge of Springfield, Missouri also took place.

McDaniel and USBC Executive Director Chad Murphy presented their annual reports, and delegates heard reports from the USBC Strategic Planning Committee and from International Bowling Campus Youth Development.

During Convention week, delegates attended a variety of educational seminars. The agenda also featured presentations from USBC charity partners Bowlers to Veterans Link (BVL), which provides recreational and therapeutic programs and services to America's active duty and veteran service men and women, and Bowl for the Cure®, the year-round fund-raising initiative sponsored by USBC in partnership with Susan G. Komen®.

In 2023, the USBC Convention will be held at South Point Hotel, Casino & Spa in Las Vegas in conjunction with the USBC Women's Championships, with the event scheduled to run from April 24-27.

## USBC Equipment Specifications and Certifications Committee Report Excerpt

Over the past year, bowling continued to confront some unique challenges as the world slowly began to emerge from the brunt of the pandemic, yet we have persevered and remained united in sport. Through it all, USBC remained steadfast in its commitment to the sport and continued as much work as possible behind the scenes. Of note in 2021, USBC:

- Tested and approved 246 bowling ball models.
- Tested 31 additional bowling products (cleaners, polishes, lanes surfaces, ball plug, lane conditioners, lane decals, embedded warnings).
- Issued 21 bowling pin permits.
- Monitored center statutes as 3,871 active centers comprising 83,776 lane beds were logged.

USBC has made significant progress in research and development of both existing and emerging specifications and technologies as part of its commitment to researching all aspects of the sport. In parallel with the ongoing “day-to-day” testing, USBC often has ongoing active research projects that are often resource-intensive and viewed as currently or potentially impactful to bowling, including string pinsetters.

BEVERLY CRONIN

In addition to serving as league facilitator at Crofton Bowling Centre, where she has worked for the past seven years, Beverly Cronin does many different tasks, including teaching novice bowlers and running five leagues, including one for special needs bowlers. This season, she participated in the Bud Scratch Trios league at The Lanes Fort Meade as well as a fun “no tap” league with several of her students at Crofton.
