PAUL HERNANDEZ — Carmen Don's Star of the Month

Seventeen-year-old Paul Hernandez has been bowling for two years and already has a fantastic 195 average. He started with his high school league and recently rolled a 691 series in this league on a Tuesday night. He followed this on the next Saturday with a 698 series in the Jr. Virginia Traveling League. Paul's high game thus far has been a 259. But with his potential, he should be a bowling name in the area for many years in the future.
