

# **CHUCK "NO THUMB" MILLER UNIQUELY ROLLS 297**

It's back to the basics for the beginners. The real beauty of bowling, however, is developing one's individual style. A proven example is Chuck Miller of Falls Church, Virginia. This 21 year-old has been bowling for six years. He hurt his thumb last year and developed a delivery by just inserting his fingers in the ball. So far it's working. Chuck put it all together and rolled a tremendous 297 game while bowling in the Monday Night Scratch Trio League at Bowl America Falls Church. This score, combined with games of 213 and 257 led to a 767 series. Chuck added a fourth game of 212 for a 979 four game series. This bowling enthusiast was averaging 187 before this fine evening took place.
