

# DOYLE IRONS

Doyle Irons of Columbia, Md., earlier this year scored two 800 series within a month in the Wednesday Scratch Trios league at AMF Laurel—an 816 on games of 279-258-279 on March 23, followed by 300-277-269/846 (and yet another 300 in Game 4 for a 1,146 total) on April 13.

The slender, 30-year-old right-hander got involved in bowling at age 4 and joined his first league four years later in his hometown. After completing his junior league competition, he was unable to obtain a sponsor for a potential run at a PBA career, so he left bowling for an entirely different life as a professional wrestler. He had a modicum of success in the ring—plus a few injuries—but upon his return to the lanes, he joined NCABA through his league at Laurel and found success with Tubar Thompson in capturing the scratch doubles category of the 2004 NCABA Championship Tournament.

Irons, who has cashed consistently in tournaments, believes he is now ready to win additional events, which could include some PBA regionals, in hopes of ultimately fulfilling his dream of becoming a touring professional. If this doesn't work out, however, he still intends to become a touring professional—only this time by excelling on the microphone while facing opponents such as "Triple H" and perhaps even "Mr. McMahon."
