# EUGENIA McDONALD

Last year, Eugenia McDonald fulfilled a dream by directing her own bowling tournament, the DC's Finest Handicap that took place in New Castle, Del., and permitted area bowlers a chance to enjoy some competition—and perhaps some gambling—a relative short drive away. McDonald believes her second event this summer was an improvement over the first, and she is optimistic about 2008—although she hopes to find a way to escape the tournament office for a shift or two and put on her bowling shoes.

McDonald, an information systems technology specialist who currently competes in the Friday Night Mixed Duo (AMF Capital Plaza) and Pinbusters Mixed (Parkland) leagues, has a high game of 289 and a top series of 743. She recently stopped by the association office and provided editor Bob Cosgrove with information about some of the brands of products she uses and other interesting tidbits.
