FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2010-11 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average compares with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Don Freeman overtook John Cover by a mere 5 games to lead the 30-year list in games bowled.
- Mike McKittrick now leads the 25-year list for the most games bowled, having bowled four more game than Don Freeman and twelve more games than John Cover.
- Scott Williams leads the 20-year list in games bowled. Scott had perfect attendance again this year, giving him a total of only eight missed nights of bowling the last twenty seasons. He has had perfect attendance in seventeen of the twenty-four years he has bowled in the Commercial League.
- With yet another season with perfect attendance, Dave Chittum leads the 15-year and 10-year lists in games bowled and shares the lead on the 5-year list with Luis Pinto. Dave has missed one night in the last seventeen years and has perfect attendance the last eleven years. He, Luis, and Richard Ernst (who missed one game, but was here each week) are the only bowlers with perfect attendance the last five years.

2010-11 Commercial League Perfect Attendance

A total of 20 bowlers maintained a perfect attendance record during the year, twelve from 'A' and eight from 'B'. Participation in pre-bowled and post-bowled matches counts towards perfect attendance.

BOWL AMERICA FALLS CHURCH
HIGHLIGHTS FROM WEEK #35 - 4 MAY 2011

Congratulations to team #16 as they won the league championship in an exciting come-from-behind match with team # 7, C'Mon Man!!!. After being down 12-4 in points and a total of 43 total pins after the first two games, team #16 won the third game by 102 pins and the match by an 18-14 margin. The match between the two second place teams also went down to the wire with team #19, 3:1, using their big 142-pin first game win to prevail against team # 6, Over The Hill Gang, by a 17.5-14.5 margin. Thanks to each of the top four teams for an entertaining final night and congratulations to each for a fine season!

Chhoeun To's final average of 240.3 is a new all-time Commercial League record, breaking his own record of 232.8 set last year. Although Terry Wiley finished the season on the DL with a bad back, he did end up with the second high average at 224.4. Gee Lopez (766) finished with the third high average at 221.5. John McCaffrey won three points in the final week to walk away with first place in the individual points won category with 84.5 points won. Ted Lutz placed second place in that category with 83.5 points won and Luis Pinto finished in third place another point back with 82.5 points won.

The divisional races for third place also were interesting as neither of the third place divisional teams going into the final week held onto third place. In 'A', team # 1, SW Contracting, won 22 points from team #10, Starmakers, to go around them and finish third. In 'B', the fifth place team (team #14, Duvall Bail Bonds) ended up in third place as they won 23 points from team #21 while the two teams in front of them (teams #18, Controlled Chaos, and #13, A/R Funding) went 15-17 and 17-15, respectively. It was a bit of tough luck for team #18, Controlled Chaos, as they had the only team series over 3000 (a 3051) but still fell two places in the final standings. Their 3051 total was led by Dave Chittum's 290 game and 708 series but everyone rolled over their average (Chris Chittum 686, Ray Riggles 660 and Scott Milstead 619).

FOUR-IN-A-ROW 600+ CLUB

Chhoeun To's 746 gives him consecutive perfect seasons as he finished with thirty-five-in-a-row. An idle Terry Wiley finished at twenty-five-in-a-row and Joey Havens (671) ended with eighteen-in-a-row. Rich Lucey's 677 gave him thirteen-in-a-row and Adam Corder (643) ended with twelve-in-a-row. AJ Bernardo's 648 gives him a final total of eleven-in-a-row and Mike Boyd (668) ended in double digits with ten-in-a-row. Michael Schmal (619) finished with nine-in-a-row while Allen Walker (675), Carl Armstrong (661) and Mike Manolis (657) each finished with eight-in-a-row. Luis Pinto's 649 moved him to seven-in-a-row and Glenn MacCullough (748) finished strong with six-in-a-row. Darryl Roberson (709), Frank McCarthy (655), Scott Milstead (619) and Del Blankenhagen (604) ended with five-in-a-row. Seven league members joined the four-in-a-row club in week 35 - Gee Lopez (766), John Tragert (743), Dave Chittum (708), Don Freeman (653), Cliff Burroughs (641), Ray Roth (612) and Scott Miller (611).

RECORD SETTING NIGHTS FOR 2010-2011

The overall average for the season of 198.0 tied the 2008-09 season average which was the second highest end of season average for the Commercial League. A brief summary of this season's best nights follows.

High Avg. Night	205.5	(Week 28 - March 16th)
# 700 Series	12	(Wk 27-Mar 9, Wk 28-Mar 16, Wk30-Mar 30)

# 600-649 Series	37	(Week 12 - Nov 17th)
# 250 Games	27	(Week 27 - Mar 9th)
# 200-249 Games	145	(Week 24 - Feb 16th)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

For the second straight year no team recorded a perfect 32-0 record this season, a feat accomplished only four times in the nine seasons we've been using the 32-point format. There were four times this year that teams got close by going 31-1. Team #13, A/R Funding, did it twice while teams # 7< C'mon Man!!!, and #20, Sam's Club, did it once each. Even winning 28 or more points in a match is no easy task as it was done only 62 times in the 420 matches that took place. Team #21 in 'B' won 28 or more points on six different occasions to lead the league in that category. At the opposite extreme, team #17, I'm With Whitey, failed to win at least four points on four different nights, earning the dubious distinction of leading the league in that category.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who carried the top averages in our league. Chhoeun To once again had the league's high average to head up the first string all-star team. Terry Wiley is a repeat first string all star from last year while Carl Armstrong and Gee Lopez moved up from last year's second string and Glenn MacCullough is new to the all-star team this season. It is interesting to note that Carl Armstrong edged out John Tragert by a single total pin (22866 to 22865) for the fifth and final first string spot. As far as this year's second string all stars go, John Tragert and Mike Boyd moved down from last year's first string, Rich Lucey Jr is a repeat second stringer from last season, and Michael Schmal and Joey Havens are new to the team this season.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To end up as the Commercial League champions, your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. It is common place to see some of the top teams with the lowest opponent's average bowled against them. Similarly, some of the bottom finishing teams seem to have hit the hot teams more than their fair share. As a case in point, this year in division A, team # 7, C'mon Man!!!, won the division while having the lowest opponents average rolled against them. On the flip side, the last place team in 'A' (team # 5, Sherwin-Williams), although leading the league in average, also had the second highest opponent's average shot against them - I guess everyone was getting up to bowl against Chhoeun's big 240 average. Likewise, team # 8's tenth place finish in 'A' was no doubt aided by the fact that their opponent's per game average was the highest in the division - a full 30 pins more than division winners faced during the year (962.52 vs 932.93). For more examples, look at division 'B'. Team #16's division win was no doubt assisted by the fact that their opponent's score was only 10th best in the division. And then there is team #20, Sam's Club. Their tenth place finish was due in part to the fact that their opponents, on average, posted the second highest scores against them within the division. So once again the stats confirm that, yes, you have to bowl well to have a chance to win, but it is also helpful if you are fortunate enough to avoid the hot teams week in and week out.

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

THE 2010-2011 SEASON IN REVIEW

The 2010-2011 season will be remembered as the year Chhoeun To broke every high scoring Commercial League record, setting new marks for high average (240.3), 35 weeks without a series under 600 (a streak that is now at 77-in-a-row over the last three seasons), 99 games of 200 or more and four series over 800 (the only 800s in the league this year). It was also memorable for team # 7's run away win in 'A' and, at the other end of the spectrum, the down to the wire finish among the top five teams in 'B'. Following is a recap of how those races unfolded.

DIVISION 'A' RACE

During the course of the season, the 'A' division had six different teams that held first place. Team #10, Starmakers, held first for the first two weeks before being replaced in week # 3 by team #11, Drunk Monkeys. Team # 6, Over The Hill Gang, took over the top spot for weeks 4 and 5 only to be replaced by team # 2, Aegis Technologies, in week 6. Team #12, The Investors, spent their only week in first in week # 7. Week 8 saw team #10 regain the lead only to lose it to team # 2 for weeks 9 and 10. But team #10 took the lead back in weeks 11 and 12. Week 13 saw a new first place take 'A' over - and take over they did as team # 7, C'mon Man!!!, held the 'A' lead for the remaining twenty-two weeks. Team # 7's most impressive streak during that span was the 194-62 record they compiled in weeks 23 through 30, an eight-week stretch that all but locked up the division title. In fact, the 64-point lead team # 7 held over team # 6 after week 30 was the largest margin any first-place team held this season. Although team # 7 dominated the league with a 680-408 won/lost record through week 34, they finished second in the overall league as they were defeated by team #16 in the league championship match in week 35 (recounted on page 13).

DIVISION 'B' RACE

Like their 'A' counterparts, the 'B' division also had six different teams in first during the year. Team #21 started the year at 29.5-2.5 in week 1, which turned out to be their only week in first place all year. Team #23, Toilet Bowlers, took over first place in week 2 and enjoyed a good early run in 'B' as they held the top spot for the next twenty weeks and building up leads as large as 39.5 points (after week 18). However, all good things must end and team 23's good thing ended in week 22 when team #14, Duvall Bail Bonds, moved into the 'B' lead. Team #20, Sam's Club, made their one and only appearance in first in week #23 before team #14 regained the top spot in week 24. Team #18, Controlled Chaos, took over the 'B' lead in week 25 and held that lead through week 31, although they could never pull away from the rest of the pack during that seven-week stretch. Team #16 took over the 'B' lead for the first time in week 32 only to lose it back to team #18 after week 33. However, it turns out that team #16 was saving their best for last as they won both the week 34 crucial position round against team #18 and the week 35 league championship match against team # 7 (recapped on page 13). The 'B' race provided one of the most exciting finishes we've had as five teams had a chance to win the division going into week 34's position round.

SOME LAST MINUTE THOUGHTS

As has often been pointed out, it will take everyone's cooperation/assistance to add more teams next year. As of right now, we have three teams not returning and I have input on one new team and several individual bowlers wanting to join next season. We obviously have room for lots more. So, how about it - let's all work towards expanding the league. Talk to your siblings, spouses, friends, coworkers, bowling buddies, etc. about joining the Commercial League for next season.
