FALLS CHURCH COMMERCIAL LEAGUE BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2013-14 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Don Freeman still leads the 30-year list in games bowled but his lead over runner-up Mike McKittrick over that time frame is down to five games.
- Scott Williams leads the 25-year and 20-year lists in games bowled. Scott had perfect attendance once again this year, giving him a total of only six missed nights of bowling the last twenty seasons and eleven missed nights in the last twenty-seven years. He has had perfect attendance in twenty of the twenty-seven years he has bowled in the Commercial League, including perfect attendance the last six years.
- Luis Pinto had another season with perfect attendance and leads the 15-year and 10-year lists in games bowled and shares the lead on the 5-year list with Scott Williams. Luis has missed only two nights in the fifteen years he has bowled full-time in the Commercial League starting in the 1999-2000 season and has perfect attendance the last eleven seasons. Luis and Scott Williams are the only two bowlers with perfect attendance the last five years.

2013-14 Commercial League Perfect Attendance

A total of seventeen bowlers maintained a perfect attendance record during the year, twelve from 'A' and five from 'B'. Participation in pre-bowled and post-bowled matches counts towards perfect attendance.

2013-2014 FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

HIGHLIGHTS FROM WEEK #35 - 14 MAY 2014

Congratulations to team #14, Gutter Hoppers, our 2013-14 league champions. Team #14 ended up with a 27-5 win against team # 5, SW Contracting, in the final week's feature match. Team #15, Mild Turkeys, closed out the season in third place overall with a 25-7 point win over team # 7. Surprisingly, the final week's key matches were all one-sided, anti-climatic affairs in a night where the overall league average was only 195.4. Chris Blackmore had the only series over 700 (a 746) and Adam Rodriguez had a 299 opening game for the final week's high scratch game and earns Adam an 11-in-a-row trophy. David Kunkel's 691 series was 124 pins over his average to earn David star-of-the-week honors for week 35.

Rich Lucey Jr (669) took high average with a 226.2 average and Chris Blackmore (746) finished with the second high average at 225.9. Mike Manolis (687) was third high average at 223.9 and Josh Hurdle (627) finished with fourth high average at 220.4. Robert Diggs (621) took the final money spot with the fifth high average of 219.9. Mike Simmavong won the individual points won category with a total of 92 points. Teammates Phillip Ward (90.5 points) and Darvin Lloyd (88 points) took second and third place, respectively, and David Kunkel (87.5 points) took the fourth place money in the individual points won category.

In addition to the matches between the top four teams mentioned in the first paragraph above, the battle for third place in each division saw both fourth place teams win big to move up and finish in third. In 'A', team # 2, Over The Hill Gang, needing to make up 21.5 points over team # 8 to move up to third, won just enough (27-5) to finish in third by one-half point. Similarly, in 'B', team #12, Myer Connex, overcame a ten-point deficit in the standings against team #16, Drunk Monkeys, in a blowout 29-3 win that moved team #12 up to a third place finish in that division. Team #15, Mild Turkeys, picked a good night to have the week's high team handicap series score with a 3016 total (David Kunkel 691, Tom Horton 686 and Paul Cecchini 619).

FOUR-IN-A-ROW 600+ CLUB

Congratulations to Rich Lucey Jr for finishing the season with a 669 series and a perfect thirty-one for thirty-one year. Chris Blackmore (746) and Mike Manolis (687) each finished with nineteen-in-a-row. Willie Williams (626) ended with thirteen-in-a-row and Adam Rodriguez (644) closed out with eight-in-a-row. Andrew Blackmore (603) joined an idle Glenn MacCullough at seven-in-a-row and Robert Diggs (621) moved up to six-in-a-row. Four club members finished the season with five-in-a-row - John Austin and Mike Clark (639s), Paul Cecchini (619) and Andy Anderson (601). There were no new club members in week 35 but there were four club dropouts - Bryan Anderson after having 18-in-a-row, Paul Hunt after 9-in-a-row, Bonnie Wiley after 5-in-a-row and Kevin Anderson after 4-in-a-row.

SEVERAL REMINDERS

- Next season's league officers will be John Holtzclaw (President), Noel Dysart (Vice-president), Carl Armstrong (Sergeant-At-Arms), Andy Anderson (Secretary/Treasurer).
- Any help in adding new teams and/or individual bowlers next season would be appreciated.
- I maintain an email list and send updated league standing sheets via email to those who want to receive them. Let me know if you want to be added to the Commercial League email list. The standing sheet is also posted on the www.bowl.com web site. Our league code for this season is '10394'.

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. This year's league champions, team #14, Gutter Hoppers, started the season off right with a four-week winning streak but what really wrapped up their division 'B' title was an incredible 12-week span when they went 305.5-68.5 starting in week 8. Similarly, team # 5 had the longest streak in 'A' with a nine-week winning streak during which they compiled a 226-62 record starting in week 13. That no doubt was a key stretch that propelled them to the division 'A' title. Below are all this season's team winning and losing streaks and associated composite won/lost records.

Winning streaks

- Tm 2 - wks 4-7 (100-28)
- Tm 4 - Wks 1-4 (106.5-21.5)
- Tm 5 - Wks 13-21 (226-62)
- Tm 7 - Wks 18-21 (90-38)
- Wks 23-26 (106-22)
- Tm 8 - Wks 23-27 (141.5-18.5)
- Tm 13 - Wks 8-11 (84-44)
- Tm 14 - Wks - 1-4 (94-34)
- Wks 8-19 (305.5-68.5)
- Tm 16 - Wks 21-26 (145.5-46.5)

Losing streaks

- Tm 4 - Wks 13-16 (22-106)
- Tm 13 - Wks 16-19 (34-94)
- Tm 16 - Wks 8-14 (70-154)

FALLS CHURCH COMMERCIAL LEAGUE BOWL AMERICA FALLS CHURCH

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Chhoeun To carries the high composite average for each of the periods shown and Rich Lucey Jr is second in three of the six tables and third in the other three.

RECORD SETTING NIGHTS FOR 2013-2014

The overall average for the season was 194.6. A brief summary of this season's best nights follows.

High Avg. Night	201.7	(Week 30 - 9 Apr)
# 700 Series	10	(Week 30 - 9 Apr, week 31 - 16 Apr)
# 650-699 Series	15	(Week 34 - 7 May)
# 600-649 Series	24	(Week 21 - 29 Jan)
# 250 Games	17	(Week 31 - 16 Apr)
# 200-249 Games	100	(Week 29 - 2 Apr)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

Despite the fact that an 'A' team was bowling the vacant team each week this season, there still was only one perfect 32-0 team record on the season. Team # 7 did it in week 9 versus the vacant team. That is only the sixth time that a team has gone 32-0 in the twelve seasons we've been using the 32-point format. There were four times this year when teams got close by going 31-1, with three of those being accomplished versus the vacant team. The only time it was done while bowling an opponent was in week 26 by team #12, Myer Connex, when they went 31-1 against team #17, A/R Funding.

Winning 28 or more points in a match is also no easy task as it was done only 54 times in the 315 matches that took place. Team # 9, Starmakers, led 'A' and the league in doing so as it won 28 or more points on six different occasions (only one of those versus the vacant team). The eventual league champions, team #14, Gutter Hoppers, led 'B' in that category as they won 28 or more on five different nights. At the opposite extreme, team # 4, Bowling For Soop, failed to win at least four points on four different occasions, earning the dubious distinction of leading the league in that category. Team #18, Better Lucky Than Good, got fewer than four points in three different weeks to lead 'B' teams in that category.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

FOUR-IN-A-ROW 600+ CLUB

Forty-two different bowlers had at least one string of four consecutive 600 series or better. Rich Lucey Jr had the highest consecutive 600+ string as he ended the year with a perfect thirty-one-for-thirty-one. That's only the third time that a full-time league member went the entire season without shooting under 600. Chhoeun To first did it in 2009-2010 when he went 33-for-33 and Glenn MacCullough was 29-for-29 last season. Twenty-two bowlers made it to the club more than once. Andy Anderson made it into the club on four different occasions this season and ten different bowlers joined the club three times. Chris Blackmore, with strings of 12-in-a-row and 19-in-a-row, joined Rich Lucey Jr with a combined 31 weeks in the four-in-a-row club. Mike Manolis was next with 30 combined weeks behind strings of 5, 6 and 19-in-a-row.

- 4-in-a-row: Scott Williams, John Holtzclaw(2), Carl Armstrong, Jonathan Blackmore, Scott Wilson, Jeff Wilcox, James Christie Jr, Don Freeman, Willie Williams, Andy Anderson(2), Kevin Anderson(2), Mike Clark, Ronnie Angles, Matt Mulitalo(2)
- 5-in-a-row: Scott Williams, Gabe Kiblin(2), Noel Dysart, Hollis McMullen, John Holtzclaw, James Christie Jr, Mike Manolis, Steve Sipe, John Austin, Nick Licursi, David Kunkel, Paul Cecchini(2), Andy Anderson(2), Bonnie Wiley, Paul Hunt, Mike Clark, Ronnie Angles, Josh Hurdle, Gil Titus

INDIVIDUAL AVERAGE CHART

The following chart breaks out individual averages for the league as a whole. Only bowlers (including subs) who rolled at least twenty-one games are included. Of the 81 bowlers with 21 or more games, 50 of them (or 61.7%) averaged 190 or better. However, this season less than half the league (43.2% - 35 out of 81) averaged 200 or better.

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule and carried the top averages in our league. Rich Lucey Jr had the league's high average to head up the first string all-star team. Mike Manolis is the only repeater from last year's first string team. Chris Blackmore bowled full-time this year to qualify and Josh Hurdle and Robert Diggs are newcomers to the all-star team. Glenn MacCullough, a first-stringer last year, heads up the second-string team this year. Gabe Kiblin is a repeat second-string all-star from last year. Adam Rodriguez, Bryan Anderson and Scott Miller are new additions to the all-star teams this season.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

This season's Commercial League champions, team #14, Gutter Hoppers, did not fit the typical profile of our league champions. They had the lowest team scratch average in their division and had the highest opponent's average bowled against them. Typically, our league champs (such as Bowling For Soop the last two years) is one of the higher averaging teams and is fortunate enough to have one of the lower opponent's average against them. In fact, this season none of the top four overall teams were one of the top per game scratch averaging teams in their divisions. But they were first and second in their respective divisions for the high per game handicap average.

This year's division 'A' winners, team # 5, SW Contracting, also fared well considering their relatively low team average and how well their opponents bowled against them (fourth highest opponent's average in 'A'). What helped both division winners were winning streaks (see page 13) that propelled them to big leads in their divisions. In 'A', team # 5 had a nine-week stretch in weeks 13-21 where they posted a 226-62 won/lost record. In 'B', team #14 had two winning streaks (weeks 1-4 and weeks 8-19) that left all their competitors in the dust.

One other factor caught my attention as I looked at the chart below. Based on the numbers, team # 4, Bowling For Soop, our two-time defending champions, should have fared better than a fifth place tie. They had the highest team scratch average in the league and had the lowest opponents per game average bowled against them in their division. But, despite their good start, and as pointed out on the previous page, team # 4's poor overall record in 'A' versus 'B' matches (44-148) cost them any opportunity they may have had to three-peat as league champs.

So, in summary, this season having one of the best team handicap game averages was important and putting together big winning streaks were keys to finishing at the top of the divisions. Avoiding losing streaks was also important. None of the top four teams had a losing streak of four weeks or more.

THE 2013-2014 SEASON IN REVIEW

The 2013-2014 season will be remembered for runaway, one-team divisional races that resulted in the administration of the lockout rule for both divisions in the week 34 position round - the first time that has happened in Commercial League history. It's also the first time that none of the top four teams are among the higher scratch averaging teams. And that has nothing to do with any changes that were made to the league's handicap percentage - the league has been at 100% handicap since the 2002-2003 season. It just happened that way.

Following is a recap of how this season's divisional races unfolded.

DIVISION 'A' RACE

During the course of the season the 'A' division only had three different teams that held first place. Team # 4, Bowling For Soop, started off the season in serious pursuit of it's third straight league championship. They held first place for the first eight weeks before team # 1, Tucking Fenpins, overtook them in week 9. Team # 1 was in first place for only two weeks before team # 4 regained the top spot in week 11. Team # 4 stayed in first through week #13 before being surpassed in week 14 by the only other, and final, team to lead division 'A' this season - team # 5, SW Contracting. Team # 5 led the rest of the way and was never seriously challenged. Their largest division lead was 86.5 points after week 23. Team # 5 ended up losing the league championship in week 35 but had a great year with their overall second-place finish.

DIVISION 'B' RACE

The 'B' division race had a grand total of two teams that held first place during the year - and one of those was in first place for a grand total of one week. Team #14, Gutter Hoppers, started the year off at the top with a 25-7 record in week one, a mere precursor of what was to come. Team #17, A/R Funding, moved into the top spot in 'B' for the only time in week two. Team #14 took over first place again in week three and ran the table the rest of the way. In fact, there were eleven weeks during the rest of the season when team #14's lead in 'B' was in triple digits, to include it's largest lead of 138.5 points after week 19. Team #14 closed out their first year in the Commercial League with a convincing win over team # 5 to take home the big money in one of the most dominating season's a team has had in our league.

SOME LAST MINUTE THOUGHTS

Please help us recruit individual bowlers and/or teams for next year's league. As of right now, we have two teams not returning and I have input on several individual bowlers wanting to join next season. We obviously have room for lots more. So, how about it - let's all work towards expanding the league. Talk to your siblings, spouses, friends, coworkers, bowling buddies, etc. about joining the Commercial League for next season.

Best of luck to Roger Tarr as he relocates to North Carolina to live with his son. RT will be missed as he has been bowling and hanging out at BAFC since it opened in 1960. Anyone willing to do the survival boards, brackets, and high game pots next year?

John Holtzclaw was elected as next season's league president and Noel Dysart will be the vice-president.

DATES TO REMEMBER:

August 20th - 2014-15 Commercial League organizational meeting, 9:00 p.m.
August 27th - 2014-15 Commercial League season starts at 8:45 p.m.

If you are not bowling this summer, see you in August. Have a nice summer!

Call me or email me regarding new teams or individual bowlers wanting to join a team.
