FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2014-15 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Mike McKittrick overtook Don Freeman for the most games bowled on the 30-year list. Mike has now bowled thirteen more games than Don over that time frame. John Cover is another eleven games behind Don.
- Once again Scott Williams leads the 25-year and 20-year lists in games bowled. Scott had perfect attendance again this year, as he has had in twenty-one of the twenty-eight years he has bowled in the Commercial League, including perfect attendance the last seven years.
- Luis Pinto had another season with perfect attendance and leads the 15-year and 10-year lists in games bowled and shares the lead on the 5-year list with Scott Williams. Luis has missed only two nights in the sixteen years he has bowled full-time in the Commercial League starting in the 1999-2000 season and has perfect attendance the last twelve seasons. Luis and Scott Williams are the only two bowlers with perfect attendance the last five years.
- Here's a surprising observation (not really). Mike Manolis appears in each of the six tables and holds the highest average for each time period listed.

2014-15 Commercial League Perfect Attendance

Nineteen bowlers maintained a perfect attendance record during the year. Participation in pre-bowled and post-bowled matches counts towards perfect attendance, as does a night when a bowler bowls only one or two games.

2014-2015 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH

HIGHLIGHTS FROM WEEK #35 - 6 MAY 2015

Once again, congratulations to team #12, Surly Turkeys, for winning both halves and, as a result, the overall league championship. Team # 1, Tucking Fenpins, ended up as the league runnerup after winning 21 points in the final week's position round showdown with team #14, Ebowla. Team # 1's 597-523 overall cumulative record secured their second-place overall finish.

Scores were down slightly in the final week with the league average coming in at 195.8. There were four 700s. Mike Clark had the highest scratch series with a 739 and the high scratch game with a 'front nine' 279 in his third game. That gave Mike star-of-the-week honors at 148 pins over his average. Josh Hurdle (731), Steve Sipe (702) and Andrew Blackmore (701) had the other three 700s.

After being passed by Mike Manolis in week 34 for high average, Andrew Blackmore's 701 in week 35 was enough for him to take the league high average at 220.7. Mike Manolis (652) did finish second at 220.4, Van Koppersmith finished third at 216.7 and Allen Walker (600) ended up fourth at 212.2. Barry Haddox was already locked into first place in the individual points won category and ended up with 89 points won. Mike McKittrick finished second in that category with 82.5 points, Tom Horton third with 79 points and Seth Ballentine fourth with 78 points.

As already mentioned, team # 1, Tucking Fenpins, defeated team #14, Ebowla, in the week 35 match with the most money at stake. Team # 9, A/R Funding, bowled well enough in their match against team # 5, SW Contracting, to win 21 points and finish with the third best cumulative record at 594.5-525.5. For the second straight week, team #10, Myer Connex, had the high team handicap series, this time with a 2946 total (Steve Sipe 702, Glenn MacCullough 693, Willie Williams 644 and John Austin 610).

FOUR-IN-A-ROW 600+ CLUB

Andrew Blackmore (701) finished the year with a string of thirty-two-in-a-row. The only series under 600 for Andrew this year was a 510 in week 3, a night when the shot was particularly ugly (the lowest averaging night for the season at 167.3). Allen Walker (600) finished with just enough to end up with twenty-two-in-a-row. Mike Manolis (652) made it to double digits with ten-in-a-row. Josh Hurdle (731) had his last eight-in-a-row. Willie Williams (644) moved up to six-in-a-row in the final night and Dan Test (636) finished the season with five-in-a-row. Week 35 had five new club members making it to four-in-a-row - Steve Sipe 702, Luis Pinto 697, Noel Dysart 634, Scott Williams 625 and Bryan Anderson 618. The final week also had five club dropouts - Van Koppersmith after 11-in-a-row, Seth Ballentine after 9-in-a-row, Carl Armstrong and Sam Highsmith after 6-in-a-row, and Gabe Kiblin after 5-in-a-row.

SEVERAL REMINDERS

- Looks like we will be moving our start time next season to 7 p.m..
- We will have a short meeting on payoff night to discuss any other changes to our bylaws, such as dropping the ten-pin rule or changing the handicap basis. These potential changes may impact some bowlers' decision on whether to return next season.
- I maintain an email list and send updated league standing sheets via email to those who want to receive them. Let me know if you want to be added to the Commercial League email list. The standing sheet is also posted on the www.bowl.com web site. Our league code for this season is '10394'.

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. Last year's league champions, team #11, Gutter Hoppers, started the season off right with an eight-week winning streak going 200.5-55.5, the longest streak of the year. Team #11 also had two other 4-week streaks (one 'hot' and one 'cold') and was the only team with three combined winning or losing streaks this season. Team # 1 was the only other team this season with two winning streaks, one of four weeks and one of six weeks. Below are all this season's team winning and losing streaks and associated composite won/lost records.

Winning streaks

Tm 1 - Wks 3-6 (96-32)
 Wks 15-20 (151.5-41.5)
 Tm 8 - Wks 26-29 (99-29)
 Tm 11 - Wks 1-8 (200.5-55.5)
 Wks 22-25 (84-44)
 Tm 12 - Wks 15-18 (108.5-19.5)

Losing streaks

Tm 3 - Wks 25-29 (39.5-120.5)
 Tm 5 - Wks 12-15 (37-91)
 Tm 7 - Wks 17-20 (29.5-98.5)
 Tm 9 - Wks 24-27 (41.5-86.5)
 Tm 11 - Wks 15-18 (24-104)

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Two bowlers who did not bowl this season still carry the leading averages based on the criteria above. Chhoeun To carries the high composite average for each of the periods shown and Rich Lucey Jr is second high average in five of the six tables and fourth in the other one.

RECORD SETTING NIGHTS FOR 2014-2015

The overall average for the season was 195.2, up slightly from last season's 194.6. February 11, 2015 (week 23) was the best scoring night this season. On the flip side, week 3 (September 10, 2014) was probably the lowest scoring night in many moons (167.3). A brief summary of this season's best nights follows.

High Avg. Night	204.5	(Week 23 - 11 Feb)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

There was only one perfect 32-0 team record on the season. Team # 5, SW Contracting, did it in week 19 versus team # 8. That makes seven times that a team has gone 32-0 in the thirteen seasons we've been using the 32-point format. There were two other times this year when teams got close by going 31-1. Team #11, Gutter Hoppers, won 31 against team # 8 in week 5 and team #12, Surly Turkeys, thrashed team #10, Myer Connex, 31-1 in week 13.

Winning 28 or more points in a match is also no easy task as it was done only 45 times in the 245 matches that took place. Our league champions, team #12, Surly Turkeys, led the league in doing so as it won 28 or more points on eight different occasions. That no doubt was a huge contributing factor in their winning both halves. Team # 5, SW Contracting, was next in that category as they won 28 or more points on five different nights. At the opposite extreme, team # 8 and team #10, Myer Connex, failed to win at least four points on four different occasions, earning the dubious distinction of tying for the league lead in that category. Three other teams (team # 2, Over The Hill Gang, team # 4, GordO Face, and #12, Surley Turkeys) got fewer than four points in three different weeks for runner-up honors in that category.

The following table shows each team's overall finish in and the number of times that each team won the number of points indicated in the last eight columns.

FOUR-IN-A-ROW 600+ CLUB

Thirty-four different bowlers had at least one string of four consecutive 600 series or better. Andrew Blackmore had the longest consecutive 600+ string as he ended the year with thirty-two-in-a-row and a total of thirty-four-out-of-thirty-five 600s+ on the year. Fourteen bowlers made it to the club more than once. Bryan Anderson and Dan Test made it into the club on four different occasions this season and six other bowlers joined the club three times. Andrew Blackmore, with one string of 32-in-a-row, had the most combined weeks in the four-in-a-row club. Bryan Anderson was next with 24 combined weeks behind two strings of 4-in-a-row, one of 6-in-a-row and one of 10-in-a-row.

- 4-in-a-row: Scott Williams(3), Ted Lutz, Noel Dysart, John Holtzclaw, Dan Test(3), Luis Pinto, Mike Manolis(2), Steve Sipe(2), Willie Williams, Phillip Ward, Andy Anderson(2), Bryan Anderson(2), Van Koppersmith, Mark Glover

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule and carried the top averages in our league. Andrew Blackmore had the league's high average to head up the first string all-star team. Mike Manolis is once again a repeater from last year's first string team. Teammates Van Koppersmith and Seth Ballentine joined the league this year and made the first string. Allen Walker switched back to right-handed bowling this year and rounds out the first team. Glenn MacCullough is a repeater from the second-string team last year and is joined by Luis Pinto, Willie Williams, Scott Williams and Carl Atrmstrong, all new additions to the second-string all-star team this season.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

This season's Commercial League champions, team #12, Surly Turkeys, fit the typical profile of most of our past league champions. They had the third highest handicap game average and was fortunate to catch teams on other than their best nights as their opponent's handicap game average was next to the lowest of all the teams in the league (as you expected, Tom). The Surly Turkeys got off to a terrible start, sitting in last place after week 7 with a 77.5-146.5 record. But then they got hot for an extended period (another common trait of past league champions), going 250.5 and 69.5 the rest of the first half.

One of the most telling stats in determining where a team finishes is how well the opponents have bowled against a team over the course of the whole season. In addition to team #12 this year, another good example is team # 2, Over The Hill Gang. Even though they had the highest handicap game average they also had their opponents bowling well against them week in and week out, with their opponents having the second highest opponent's handicap game average. As a result, team # 2 finished ninth in each half and ninth overall. (Or, maybe their opponents were throwing more strikes in an effort to speed up the match. More often than not the Over The Hill Gang was the last to turn in a recap.)

I think one other factor that impacted a lot of teams this year, more than in seasons past, was the ten-pin drop rule. With the 'challenging' lane conditions over the first several weeks, a lot of us were significantly under our entering average when the ten-pin rule kicked in after week 3. At that point, 74 percent of the bowlers with nine games bowled were more than ten pins under their entering averages. The resulting penalty in lost handicap was undoubtedly a game-changer in a lot of the first-half matches. Team # 4, GordO Face, and team #10, Myer Connex, seemed to be hit the hardest as even by the end of the first half (week 17) they each were still losing close to 20 pins of handicap a game because of the ten-pin drop rule.

So, in summary, Team #12's winning formula this season was having one of the best team handicap game averages, catching opponents on their 'off nights', and putting together a decent winning streak the last ten weeks of the first half. They also did a good job of overcoming the handicap pins lost because of the ten-pin drop rule penalty that was adversely impacting a lot of other teams.

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

THE 2014-2015 SEASON IN REVIEW

The 2014-2015 season will be remembered for a change from a two-division format to a single division format with a split season schedule. The format change was implemented because the total number of teams dropped to fourteen. Team #12, Surly Turkeys, ended up winning both halves, a difficult thing to do in a split season format.

Following is a recap of how this season's races unfolded for each half.

FIRST-HALF RACE

Last year's champions, team #11, Gutter Hoppers, picked up where they left off last year, winning 30 points on opening night and grabbing the top spot after week 1. Team # 7 moved into first place after week two but relinquished the lead back to team #11 in week 3. Team #11 ran off a nice winning streak the first eight weeks, compiling a 200.5-55.5 record, and holding a 52-point lead over team # 1, Tucking Fenpins, at that point. Due to the large lead they had built up, team #11 continued to hold first place through week 11, although their lead over second place was shrinking each week. Team #14, Ebowla, finally overtook team #11 for first place in week 12 and held onto first place in week 13. Team #11 regained first place in week 14 and clung to a 2.5-point lead over a red-hot team #12, Surly Turkeys, after week 15. Thanks to a great stretch run in weeks 15-17 (winning 29.5 points, 29 points and 22 points, respectively), the Surly Turkeys ended up winning the first half by 10.5 points over team # 1, Tucking Fenpins. Not bad considering team #12 was in dead last place after week 7.

SECOND-HALF RACE

The second-half race saw three different teams sharing the lead over the seventeen weeks it covered. It started out as a real sea saw affair with lead changes in each of the first five weeks. Team #12 led after week one, team #14 after week two, team #10 after week three, back to team #14 after week four and then team #10 took the lead in week five. Team #10 then held onto first place for the next five weeks, having their biggest lead of 20 points after week nine. Team #12 finally caught and passed team #10 in week eleven of the second half and held the lead the rest of the way. Since team #12's lead was more than 32 points going into the second-half final position round, the lockout rule was applied and the second and third place teams (team #10 and team #14) got to go head-to-head to see who would finish second. Team #10 won that critical match by a 24.5-7.5 margin and finished second in the second-half standings. That was a nice turn around for team #10 who had finished dead last in the first half.

SOME LAST MINUTE THOUGHTS

Please help us recruit individual bowlers and/or teams for next year's league. Our starting time is moving up to 7 p.m.. Hopefully that will attract some of our old league members back as well as bring in some new blood.

A special thanks to Lisa Miller and Toni Fitzpatrick for doing the survival boards, brackets and selling 50/50 tickets this past year.

John Holtzclaw will continue as our league president next season. Noel Dysart will once again be the vice-president and Carl Armstrong will serve as Sergeant-At-Arms.

DATES TO REMEMBER:

August 19th - 2015-16 Commercial League organizational meeting, 7:00 p.m.

August 26th - 2015-16 Commercial League season starts at 7:00 p.m.

If you are not bowling this summer, see you in August. Have a nice summer!

Call me or email me regarding new teams or individual bowlers wanting to join a team.
