FALLS CHURCH COMMERCIAL LEAGUE BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2015-16 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Don Freeman has the most games bowled on the 30-year list, nine more than teammate Scott Williams. Willie Williams is third on the 30 year list, a distant 278 games behind Scott.
- Once again Scott Williams leads the 25-year and 20-year lists in games bowled. Scott had perfect attendance again this year, as he has had in twenty-two of the twenty-nine years he has bowled in the Commercial League, including perfect attendance the last eight years.
- Luis Pinto missed one week this season but still leads the 15-year and 10-year lists in games bowled. Luis has missed only three nights in the seventeen years he has bowled full-time in the Commercial League starting in the 1999-2000 season, with perfect attendance in fourteen of those seasons.
- Scott Williams and David Kunkel are the only two league members with perfect attendance the past five seasons.
- Mike Manolis appears in each of the six tables and holds the highest average for every time period except on the 20 year list, on which he has the second highest average. Carl Armstrong edges Mike out for high average on the 20 list (213.66 to 213.23).
- Sixteen league members have enough longevity over an extended period to show up on all six tables - Andy Anderson, Bryan Anderson, Kevin Anderson, Mike Clark, Noel Dysart, Richard Ernst, Don Freeman, Gabe Kiblin, Mike Leach, Ted Lutz, Mike Manolis, Scott Miller, Luis Pinto, Scott Williams, Willie Williams and Scott Wilson.

2015-16 Commercial League Perfect Attendance

Only eight bowlers maintained a perfect attendance record during the year, four in each division. Participation in pre-bowled and post-bowled matches counts towards perfect attendance, as does a night when a bowler bowls only one or two games.

'A' Division

- 1 - Chris Price`
- 2 - Pat Dishner
- 6 - Andy Anderson
- 7 - Mike Leach

'B' Division

- 11 - Scott Williams
- 11 - Gabe Kiblin
- 14 - John Holtzclaw
- 15 - David Kunkel

2015-2016 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH

HIGHLIGHTS FROM WEEK #36 - 4 MAY 2016

Congratulations to team #11, our league champions for the 2015-2016 season. They defeated team # 7, SW Contracting, by a 23-9 margin in the week 36 showdown of division winners. Team #11 won the first game by 50 pins, game two with a come-from-behind win by fifteen pins, and then held on to win the all-important total pins after losing the third game by just ten pins. The match for third and fourth place overall wasn't quite that close as team # 6, Queen & 3 Jokers, also won 23 points over team #10 in a match that was basically over after game two. At that point, team # 6 had built up a 243-pin lead on total. Bonnie and her jokers also rolled the league's highest team handicap series for the second straight week, this time with a 2966 total (Bryan Anderson 759, Kevin Anderson 679, and Andy Anderson 650). Congratulations to each of the top four teams for a great season!

The final week's league average was 203.4, evenly distributed between division 'A' with 203.4 and 'B' with 203.5. There were five series of 700 or better in week 36. Bryan Anderson's 759 was the highest scratch series and good enough to earn Bryan star-of-the-week honors at 120 pins over average. The other 700s were rolled by Michelle Booth (739), Andrew Blackmore (713), Sam Highsmith (706) and sub Andy Blazejewski (700). Gil '5-count' Titus had the high scratch game in week 36 with 295 first game. Nice game Gil!

Andrew Blackmore (713) rolled his twelfth 700 series of the season to clinch the league high average with a 222.6. Glenn MacCullough did finish with the second high average at 220.0. Mike Manolis (664) ended up with third high average at 219.2. Bryan Anderson's 759 series moved him up to fourth high average with a 214.5 and Carl Armstrong (214.15) edged out Gabe Kiblin (214.12) for the fifth high average money. Don Freeman won three points in the final week and led the individual points won category with 91.5 points won. Gabe Kiblin's 83 points won was second place in the category and Mike Leach and Andrew Blackmore tied for third place in the category as each won 80.5 points.

FOUR-IN-A-ROW 600+ CLUB

Andrew Blackmore (713) finished with the season's longest current string of 600s+ at seventeen-in-a-row. Michelle Booth (739) was one behind Andrew as she ended with sixteen-in-a-row. Don Freeman (670) had a great second-half run and finished with thirteen-in-a-row. Scott Wilson (623) ended with eleven-in-a-row and sub Andy Blazejewski (700) made it to double digits with ten-in-a-row. Bryan Anderson (759) and Chris Price (671) each easily advanced to eight-in-a-row. Sam Highsmith (706) and Andy Anderson (650) finished their seasons with seven-in-a-row. The three club members ending with six-in-a-row were Paul Cecchini (696), Gabe Kiblin (684) and Scott Miller (658). Scott Williams (652), Jonathan Blackmore (642) and Mike Dillon (640) made it to five-in-a-row in the final week. The two new club members in week 36 were teammates Robert Diggs (666) and Mike Manolis (664). The lone club dropout in the final week was Glenn MacCullough as his 599 series came up a pin short of getting past 14-in-a-row.

SEVERAL REMINDERS

- 15 of 16 teams are definitely returning and the 16th team is a 'maybe'. Let's work on adding more teams next year and see if we can't get the number of teams up to 20 or more!
- I maintain an email list and send updated league standing sheets via email to those who want to receive them. Let me know if you want to be added to the Commercial League email list. The standing sheet is also posted on the www.bowl.com web site. Our league code for this season is '10394'.

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. By that definition there were ten 'hot' streaks and eight 'not-so-hot' streaks this season. Teams # 3 and #14 were the streakiest teams in the league as they each had two winning streaks and one losing streak. Below are all this season's team winning and losing streaks and associated composite won/lost records.

Winning streaks

- Tm 2 - Wks 1-4 (86-42)
- Tm 3 - Wks 15-18 (94.5-33.5)
Wks 24-28 (122.5-37.5)
- Tm 6 - Wks 13-17 (114-46)
- Tm 7 - Wks 10-15 (148-44)
- Tm 11 - Wks 12-15 (92-36)
Wks 21-29 (211-77)
- Tm 13 - Wks 28-32 (137-23)
- Tm 14 - Wks 1-4 (86-42)
Wks 14-18 (120-40)

Losing streaks

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Two bowlers who did not bowl this season still carry the leading averages based on the criteria above. Chhoeun To carries the high composite average in five of the six periods shown and Rich Lucey Jr leads the 5-Yr table.

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

There were no clean sweep (32-0) matches on the season, a feat accomplished only six times in the thirteen seasons we've been using the 32-point format. Team #13, Bowling For Soop, came the closest to doing it this season in week 2 when they went 31.5-.5 against team #15, Inglorious Turkeys. On three other occasions teams got close by going 31-1. Team #15 had another close call at being swept in week 33 when team #14, Bethesda Navy, won 31 points from them. Team #15 was on the winning end of a one-sided match in week 6 when they went 31-1 versus team # 9, Gamecock. The other 31-1 match this year was in week 8 when team #7, SW Contracting, beat up on team # 4, A/R Funding.

Winning 28 or more points in a match is also no easy task as it was done only 41 times in the 288 matches that took place. Three teams did it five times each to lead the league in doing so - team # 3, Over The hill Gang; team # 4, A/R Funding, and team #15, Inglorious Turkeys. Two of those same teams (teams # 4 and #15) were on the opposite end of the won/lost spectrum, failing to win at least four points on four different occasions, to lead the league in that category.

The two division champs this year used the same formula for their success. They won 20 or more points the most times in their division (team # 7 did it 18 times in 'A' and team #11 did it 22 times in 'B') and they each won fewer than 8 points only once all year.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

FOUR-IN-A-ROW 600+ CLUB

Forty-two different bowlers had at least one string of four consecutive 600 series or better. Andrew Blackmore had the longest consecutive 600+ string as he ended the year with seventeen-in-a-row. Michelle Booth had the second longest string, ending her season with sixteen-in-a-row. Twenty bowlers made it to the club more than once. Scott Williams, Gabe Kiblin, Robert Diggs and Mike Manolis each made it into the club on four different occasions this season and Mike Dillon joined the club three times. Mike Manolis had the most combined weeks (30) in the four-in-a-row club with Andrew Blackmore close behind with 29 combined weeks as a club member.

- 4-in-a-row: Barry Haddox, Josh Hurdle, Glenn Feagans, Kevin Anderson(2), Scott Miller, Don Nicholls Jr, Robert Diggs(2), Mike Manolis, Scott Williams, Gabe Kiblin(2), Steve Hugo, Steve Shelton, Allen Walker, Jonathan Blackmore, David Kunkel, Curtis Stewart, John Jordan

HOW DID THIS YEAR'S LEAGUE AVERAGE COMPARE TO THE LAST TWO YEARS?

The league average this year was 196.3 which was 1.1 pins higher than last season's composite average. The following shows the end of season Commercial League composite average for each of the past three seasons. There was only one division in the 2014-2015 season so a divisional break out for that season is not applicable

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule and carried the top averages in our league. For the second straight year Andrew Blackmore had the league's high average to head up the first string all-star team. Mike Manolis is the only other repeater from last year's first string team. Glenn MacCullough and Carl Armstrong moved from last year's second string to this year's first string and Bryan Anderson, a newcomer to the all-star team, completes this year's first string. Gabe Kiblin is the only repeat member from the second-string all-star team last year and is joined by Adam Rodriguez, Robert Diggs, Michelle Booth and Robert Diggs, all new additions to the second-string all-star team this season.

FIRST STRING

1. Andrew Blackmore - 222.6
2. Glenn MacCullough - 220.0
3. Mike Manolis - 219.2
4. Bryan Anderson - 214.5
5. Carl Armstrong - 214.15

SECOND STRING

1. Gabe Kiblin - 214.12
2. Adam Rodriguez - 213.9
3. Robert Diggs - 213.7
4. Michelle Booth - 213.2
5. Mike Dillon - 212.8

- Team #11 had the most team games over 800 scratch (74).
- Team #10 had the second most 800+ scratch team games (72).
- Teams # 3 and #16 had the fewest team scratch games over 800 (7).

The average first game team handicap score this season was 919.59. The second game (920.11) was the highest scoring game while the third game average (916.41) was the lowest, probably a result of drier lane conditions by the time we reached game three. The following table shows the high handicap team game break out.

EVEN MORE TEAM STATS

TOP WINNING PERCENTAGES - The table below lists the top five teams in each division with the best winning percentages for regular rounds, divisional position rounds, and 'A' vs 'B' position rounds. Teams # 5 and # 7 tied for the best winning percentage in any category by posting a .688 winning percentage. Team # 5 did it with a 110-50 record in its five divisional position round matches and team # 7 did it with an 88-40 record in four 'A' vs 'B' matches. The two division winners (teams # 7 and #11) were the only two teams to place in the top five winning percentages in each of the three categories.

	5) Team #15 - .485	5) Team #14 - .444	5) Team #10 - .414

- Team # 7 was the only team to post a .500 or better winning percentage in each of the three categories.
- At the other extreme, this season no team had sub-.500 winning percentages in all three categories.
- Team #15 had the lowest winning percentage by any team in any category after finishing 25-71 in 'A' vs 'B' position rounds for just a .260 winning percentage.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To win the Commercial League, your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. It is common place to see some of the top teams with the lowest opponent's average bowled against them. Similarly, some of the bottom-finishing teams seem to have hit the hot teams more than their fair share.

This season's division winners bowled well enough to have the highest (team # 7 in 'A') and second highest (team #11 in 'B') handicap game average in their respective divisions. And they were both fortunate enough to catch teams on less than their best nights as their opponents' average was ranked 7th and 6th within their divisions. On the other hand, the two teams that finished last in each division (team # 1, Messing With Sasquatch, in 'A' and team # 9, Gamecock, in 'B'), had the highest opponent's team average bowled against them. That makes it a long season for sure.

Of course other factors in addition to the scratch, handicap and opponents' average per game come into play during the nine-month long season. Winning streaks are important and both division winners had those during the year. In fact, team 11's nine-week winning streak between January 13th and March 16th where they went 211-77 put them over the top in 'B'. The other notable factor was how well the two division winners bowled against their nearest rivals. In 'A', team # 7, SW Contracting, had a 109-51 record against runner up team # 6, Queen & 3 Jokers, in the five times they met. Likewise, in 'B' the two top teams met seven times and the eventual division winner (team #11) won 144 points while losing only 80 against the division 'B' runner up (team #10).

One other factor came to light as I looked at the chart below. Based on the numbers, I thought that team #13, Bowling For Soop, in 'B' should have fared better in their division. Team #13 had the second highest team game scratch average in the league and their opponent's team game handicap average was next to the lowest in division 'B'. But as I looked a little further behind the numbers, team #13 had a seven-week losing streak in weeks 15-21 that buried them in last place. Although they had a great run the last third of the season, going from last place after week 24 to third place after week 35, that 60-164 losing streak starting in week 15 proved to be too much to overcome.

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

THE 2015-2016 SEASON IN REVIEW

The 2015-2016 season saw a change back to our league's traditional two-division format after one season with a single division format with a split season schedule. Following is a recap of how this season's divisional races unfolded.

DIVISION 'A' RACE

The 'A' division had five different teams in first place during the course of the season. Team # 4, A/R Funding, was in first after week 1, the only time they held the top spot all year. Team # 6, Queen & 3 Jokers, was in first after week 2 but was replaced in weeks 3 and 4 by team # 2, Watch Outheway. Team # 6 regained first place in week 5 and held it through week 9. In week 10 team # 8, Myer Connex, took over the 'A' lead and kept it through week 14. In week 15's divisional position round, team # 7, SW Contracting, defeated team # 8 27-5 to take over first place. A week later team # 6 moved into first place for the third time and held it from weeks 16 through week 23. Weeks 24 and 25 decided the outcome of the 'A' race when team # 7 defeated team # 6 in consecutive weeks by a 49-15 margin. Team # 7 virtually coasted the rest of the way in first place, building a lead over second place that reached as high as 81 points after week 33. Team # 7 lost the week 36 championship match to team #11 to finish second overall for the season. Team # 6 finished second in the division and third overall thanks to a strong showing in weeks 35 and 36.

DIVISION 'B'

There were only four teams that held first place in 'B' during the year. Team #14, Bethesda Navy, started the year off in first place for the first two weeks. Team #13, Bowling For Soop, made its first move into the 'B' lead in week 3 only to see team #14 move back into the top spot in weeks 4 and 5. Team #13 took the lead again in week 6 but never saw first place again. Team #16, Gutter Hoppers, was in first for their only time in week 7. The rest of the way in 'B' it was all about team #11 as they took over the lead in week 8 and never relinquished it. Just as was the case in 'A', weeks 24 and 25 essentially ended the 'B' race as team #11 dominated the second place team #10 in consecutive weeks, winning 47 points while losing only 17. The largest lead that team #11 enjoyed was 83.5 points after week 33. They went on to win the championship match in week 36. Team #10 did manage to finish second in the division and in fourth place overall.

SOME LAST MINUTE THOUGHTS

Please help us recruit individual bowlers and/or teams for next year's league. We will keep our 7 p.m. starting time which should help us attract both some of our old league members as well as some new bowlers. With 15 out of 16 teams signed up to come back (and the sixteenth team is a 'maybe'), hopefully we will be adding several more teams next year.

John Holtzclaw will continue as our league president next season. Mike Clark was elected league vice-president and Carl Armstrong will serve as Sergeant-At-Arms.

DATES TO REMEMBER:

August 24th - 2016-17 Commercial League organizational meeting, 7:00 p.m.

August 31st - 2016-17 Commercial League season starts at 7:00 p.m.

If you are not bowling this summer, see you in August. Have a nice summer!

Call me or email me regarding new teams or individual bowlers wanting to join a team.
