FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 25 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 25 of current Commercial League members. All lists include only bowlers who bowled at least 9 games in the 2017-18 Commercial League season, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 24 bowlers listed for that same period of time.

Some observations concerning the preceding tables and my supporting data files:

- Teammates Scott Williams (3108 games) and Don Freeman (3000 games) have the most games bowled on the 30-year list. Scott Miller is third on the 30 year list with 2629 games, 371 games behind Don.
- As usual, Scott Williams leads the 30, 25, 20, 10 and 5-year lists in games bowled. Once again Scott had perfect attendance this year, as he has had in twenty-four of the thirty-one years he has bowled in the Commercial League, including perfect attendance the last ten years.
- Luis Pinto missed one week this season but still leads the 15-year list in games bowled. Luis has missed only six nights in the nineteen years he has bowled full-time in the Commercial League starting in the 1999-2000 season, with perfect attendance in fourteen of those seasons.
- John Holtzclaw and David Kunkel are tied with Scott Williams for the most games bowled the past five seasons. They have each had perfect attendance over that time.
- Mike Manolis appears in each of the six tables and holds the highest average for four of the six time periods and is second high average for the other two. Glenn MacCullough edges Mike out for high average on the 10-year list (218.65 to 218.11) and Andrew Blackmore out averaged Mike on the 5-year list (223.31 to 218.24).

2017-18 Commercial League Perfect Attendance

Eighteen bowlers maintained a perfect attendance record during the year, ten in 'A' and eight in 'B'. Pre-bowled and post-bowled matches count towards perfect attendance, as does a night when a bowler bowls only one or two games.

BOWL AMERICA FALLS CHURCH

HIGHLIGHTS FROM WEEK #36 - 9 MAY 2018

Congratulations to team #16, this season's league champions. They had a nice come-from-behind win in their match with team # 3, Walking Wounded. After being down 9-7 in points and 62 total pins after game 2, team #16 won the third and decisive game by 100 pins even to walk away with a 20-12 point victory - and \$2,250 each. Team # 3's second place overall finish put \$1,500 in each of their pockets. The two second-place division teams had a much tighter match to determine the rest of the top four teams. Team # 6, Seis Manos, had a strong first game, winning it by 107 pins and taking 7 points. But team #15, Rise of the Monkeys, bounced back in game 2, winning that game by 111 pins and sweeping all 8 points. The match's outcome wasn't settled until the end of the third game which team #15 won by a mere 6 pins, giving them a 20.5-11.5 point victory and an overall third place finish in the league. Team # 6 had to settle for fourth place overall. Kudos to each of the top four teams for a great season.

The overall league composite average in week 36 was a modest 198.4. There were only two 700 series - Kevin Kitchin had the high scratch series with a 713, which also earned him star-of-the-week honors, and Tyler Miller rolled a 704. Maurice Ross and Crystal Shae-Wesby tied for the week's high scratch game as each had a 268.

Glenn MacCullough (678) won the high average race over Chris Price (660) - 223.1 to 222.5. Andrew Blackmore (673) finished with third high average at 222.4 and Maurice Ross (690) ended with fourth high average at 221.5. Chris Price and Willie Williams ended up tied with 89 points each to lead the individual points won category. Maurice Ross was third with 88.5 points and John Ziegler finished fourth in individual points won with 88 points.

The final division standings for third place and below were finalized after the week 36 position round. Team # 7 in 'A' and team #13 in 'B' each managed to hold onto third place. Team # 8, Hmbrger Helper Gloves, had the week 36 high team series with a 2869 handicap total (Allen Walker 693 and Andrew Blackmore 673).

FOUR-IN-A-ROW 600+ CLUB

Andrew Blackmore (673) ended the season with the longest current string of 600s or better with twenty-one-in-a-row. Glenn MacCullough (678) finished with fourteen-in-a-row. Three club members ended with double-digit strings at ten-in-a-row - Tyler Miller (704), Chris Price (660) and Robert Diggs (611). Crystal Shaw-Wesby (687) and Scott Williams (658) advanced to nine-in-a-row. Maurice Ross (690) moved to seven-in-a-row while Allen Walker (693) ended the season with six-in-a-row. Jose Vega (626), Noel Dysart (600) and James Carroll (600) moved to five-in-a-row in the final week. There were four new four-in-a-row club members in week 36 - Curtis Stewart (645), Carl Armstrong (618), James Christie Jr (616) and Luis Pinto (605). There were five club dropouts in the final week - Mike Manolis, Gabe Velez and Tom Horton after 5-in-a-row and Glenn Feagans and Mike Maerz after 4-in-a-row.

SEVERAL REMINDERS

- For divisional position rounds, the team on the left lane enters their lineup first. For all other matches within each division, the team higher in the standings enters their lineup first.
- Only roster members and subs with at least 9 games bowled are eligible to bowl in the last five weeks (weeks 32-36). An exception can be made if, due to extenuating circumstances, a team has less than 4 bowlers on their roster.
- I maintain an email list and send updated league standing sheets via email to those who want to receive them. Let me know if you want to be added to the Commercial League email list. The standing sheet is also posted on the www.bowl.com web site. Our league code for this season is '10394'.

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. Team #13 had the longest winning streak of the season when they went 132.5-59.5 in a six-week stretch from weeks 22 thru 27. Team #14, Tucking Fenpins, and team #15, Rise of the Monkeys, were the only two teams with more than one winning streak. Three teams had both a winning streak and a losing streak this year - team # 1, Hot Pockets,; team # 4, Bethesda Navy; and team # 9. Below are all this season's team winning and losing streaks and associated composite won/lost records.

Winning streaks

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Two bowlers who did not bowl this season still carry the leading averages based on the criteria above. Chhoeun To carries the high composite average in five of the six periods shown and Chris Blackmore edges out his brother Andrew 223.64 to 223.31 on the 5-Yr list.

RECORD SETTING NIGHTS FOR 2017-2018

The overall average for the season was 195.3, just slightly less than last season's average 195.4. A brief summary of this season's best nights follows.

High Avg. Night	204.39	(Week 33 - 18 Apr)
# 700 Series	10	(Week 33 - 18 Apr)
# 650-699 Series	20	(Week 24 - 7 Feb)
# 600-649 Series	29	(Week 35 - 2 May)
# 250 Games	20	(Week 22 - 24 Jan)
# 200-249 Games	110	(Week 32 - 11 Apr)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

There were four clean sweep (32-0) matches on the season, an amazing number since there had only been a cumulative total of eight 32-0 wins in the previous fourteen seasons that we've been using the 32-point format. Team # 4, Bethesda Navy, and team #12, G-Spotters, both accomplished it while bowling the blind. Team # 5, Reggie's Gang, started the season with a perfect night against team # 6, Seis Manos, and team # 9 turned the trick in week 2 versus team # 2, A/R Funding. Three other teams came close as they went 31-1 during the year. Those matches were: team # 3, Walking Wounded, versus team # 5, Reggie's Gang, in week 4; team # 1, Hot Pockets, versus the blind in week 14; and team #12 defeating the blind in week 35.

Winning 28 or more points in a match is also no easy task as it was done only 63 times in the 360 matches that took place. The only two teams to do it seven times were the two division winners - team # 3, Walking Wounded, in 'A' and team #16 in 'B'. Team #12, G-Spotters, was on the opposite end of the won/lost spectrum, failing to win at least four points on seven different occasions, no doubt a major factor in their last place finish in 'B'.

The two division runner up teams, team # 6, Seis Manos, and team #15, Rise of the Monkeys, won 20 or more points the most times in the league - 18 times each. Team #13 lost fewer than 8 points only twice all year - the only team to do that.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule and carried the top averages in our league. Glenn MacCullough had the league's high average to head up the first string all-star team. Andrew Blackmore is the only other repeater from last year's first string team. Chris Price, Maurice Ross and Tyler Miller round out the first string. Mike Manolis leads the second string and, along with Allen Walker, is a repeater from last season's second string. Gabe Kiblin moved down from last year's first string to this season's second string. This season's remaining second-string all-star members are Bob Bean and newcomer, and recent NCAUSBCA hall of fame inductee, Crystal Shaw-Wesby.

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To be the Commercial League champion your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. That held true again this season in that the two division winners (team # 3, Walking Wounded, and team #16) had two of the lowest opponent's average bowled against them all season. Some of the lower finishing teams have the opposite experience, i.e. they seem to have the opposition bowling above average against them every week. Both last place teams this season (team #10 and team #12, G-Spotters) had the highest opponent's average bowled against them.

Of course other factors in addition to the scratch, handicap and opponents' average per game come into play during the nine-month long season. To win the division title you have to win your matches against the other teams within your division. It comes as no surprise that the top two teams in each division this season had the best winning percentages in their regularly scheduled division matches. Winning streaks and avoiding big losing nights are also important and both division winners fit that profile during the year. Team # 3 got off to a tremendous start at 124-36 the first five weeks. Team #16 moved into first place in 'B' for the first time during a four-week winning streak when they went 105-23 in weeks 20 thru 23. And both teams # 3 and #16 were among only four teams that didn't lose more than 28 points even once all year. The other two teams in that category (team # 7 and team #13) as had strong seasons as they each finished third in their respective divisions.

Another key to winning the division title sometimes depends on how well the first place team fared against the eventual runner up in their division. That certainly was true in 'A' this season. Team # 3 bowled team # 6 four times during the year, winning 88 points while losing only 40. Flip that around and you would have had a different division winner in 'A'.

THE 2017-2018 SEASON IN REVIEW

The 2017-2018 season featured divisional races that weren't decided until week 35's position round. Team # 3, Walking Wounded, had a great first half of the season but then struggled somewhat during the second half. Team #16 didn't even move into first place until week 21 and then held off challenges from team #13 and team #15 to secure the 'B' title. The week 36 championship match is summarized on page 13. Following is a recap of how this season's divisional races unfolded.

DIVISION 'A' RACE

The 'A' division had four different teams in first place during the course of the season, and two of those were for weeks 1 thru 4. Team # 5, Reggie's Gang, was in first after a perfect 32-0 record in week 1. Team # 1, Hot Pockets, spent the next three weeks in first place before giving way to team # 3, Walking Wounded. Team # 3 then held onto first place for the next 27 weeks, opening up as much as a 50-point lead within the division over that stretch. But team # 6, Seis Manos, kept chipping away at team # 3's lead in the second half and eventually took over first place in 'A' in week 32 and held onto first place in week 33. But team # 3 defeated team # 6 in back-to-back weeks (weeks 34 and 35) to secure the division title. Team # 3 went on to finish second overall. Team # 6 did finish as the runner-up in 'A' and fourth overall for the year.

DIVISION 'B'

Five of the nine teams in 'B' held at least a share of first place for at least one week during the season. Team #12, G-Spotters, started the year in the top spot after week 1. Team #15, Rise of the Monkeys, then spent one week in first place in week 2 before giving way to teams #11 and #17 who shared the lead after week 3. Team #12 then held first after week 4 before what would be a steep and steady drop to last place. Team #11 spent it's final week in first place in week 5. Team #17 moved into the top spot in 'B' for the first time in week 6 and held onto it for fourteen weeks. Team #15 took over first in week 20 only to have team #16 take it away in week 21. Team #17 moved back into first place in week 22 but team #16 took it back in week 23 and held onto it thru week 25. Team #13 took the 'B' lead in week 26 for the only time this season. Team #15 then regained the lead in weeks 27 and 28. But team #16 took over the 'B' lead for good in week 29. Team #16 secured the 'B' title with a key win over team #13 in week 34 and an 18-14 win over team #15 in week 35's position round. Team #16 went on to win the league championship match in week 36 versus team # 3 while team #15 finished in third place overall after winning a close match with team # 6 in week 36.

SOME LAST MINUTE THOUGHTS

As always, we could use everyone's help in recruiting individual bowlers and/or teams for next year's league. We will keep our 7 p.m. starting time which should help us attract both some of our old league members as well as some new bowlers. 18 of our 19 teams are signed up to come back next season so we have a great opportunity to add several more teams next season and hopefully eliminate the need for having a blind team or two.

Hard to believe that it has been a year since Reggie left us. This season our league will be donating over \$2,000 to the Reggie Rich Tribute Fund in his memory. The proceeds are used to support the youth bowling program here at BAFC. A special thanks to Jose Vega for selling 50/50 tickets each week to make that donation possible. Also, thank you John Hendrick for donating your winnings each time you won. The fine example you set led to many additional individual donations. Thanks to all others who gave. Well done!
