FALLS CHURCH COMMERCIAL LEAGUE

BOWLERO FALLS CHURCH

The following six tables list the 20 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 20 of current Commercial League members. All lists include only bowlers who bowled at least 9 games total in the 2021-22 Commercial League, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 19 bowlers listed for that same period of time.

Some observations concerning the above four tables and my supporting data files:

- Scott Williams still has the most games bowled for each of the 30, 25 and 20-year lists. Scott and John Holtzclaw are tied for the most games bowled with 1533 games over the past 15 years. Each of them has only missed five nights of the Commercial League over the past 15 years. Over that 15 year stretch, Scott has 13 years and John has twelve years of perfect attendance.
- Glenn MacCullough has the highest average for league members that qualified for the 30, 20 and 15 year 'top 20' lists. Glenn has the second-highest average on the 25-year list as his 213.16 composite average is just behind Mike Manolis' 213.48 leading average.

Additional observations concerning the preceding tables and my supporting data files:

- Twelve current league members have enough sustained longevity in the league to have appeared on all six lists. In alphabetical order they are - Andy Anderson, Bryan Anderson, Kevin Anderson, Carl Armstrong, Noel Dysart, Richard Ernst, John Holtzclaw, Glenn MacCullough, Hollis McMullen, Scott Miller, Scott Williams and Willie Williams.
- John Holtzclaw and Scott Williams are tied for the most games bowled over the last 10 years (1032 out of a possible 1038). Chris Price heads up the 5-year list and is the only Commercial league member with perfect attendance over the last five years.
- Glenn MacCullough's 218.32 average led the 10-year list but Chris Price took over the top spot on the 5-year list with a 226.52 composite average.
- Many of our long-term 'regular' league members sat out the Covid19-impacted 2020-2021 season and therefore did not qualify to be recognized in some of the previous tables for their longevity in the Commercial League. We were glad to see their smiling faces back for the 2021-2022 season (e.g. Don Freeman, Mike Manolis, Ted Lutz, Gabe Kiblin, Sam Highsmith, et al.).

2021-22 Commercial League Perfect Attendance

Ten bowlers maintained a perfect attendance record during the year, three in 'A' and seven in 'B'. Pre-bowled and post-bowled matches count towards perfect attendance, as does a night when a bowler bowls only one or two games.

'A' Division

- 2 - Chris Price
- 3 - Justin Nicholls
- 9 Kevin Anderson

'B' Division

- 12 - Rai Doblmeier
- 13 - Scott Williams
- 13 - Brian Sesso
- 14 - Barron McCaskill

- 15 - Jonathan Butler
- 18 - David Kunkel
- 19 - Ben Argueta

2021-2022 FALLS CHURCH COMMERCIAL LEAGUE
BOWLERO FALLS CHURCH
HIGHLIGHTS FROM WEEK #36 - 27 APRIL 2022

Congratulations to team # 2, Waffle House Heroes, who took control of their championship match with team #19, Erratic, by winning a high-scoring game one 1051-1010 and then never letting up as they won 26.5 points. That is a nice turnaround from last season's two-session format when their team finished in last place for both sessions. Team #19 finished second overall in the standings this year. The match between the two second-place division teams (team # 7, That's Radical, and team #18, Inconceivable) was also not too close as team #18 came away with a 25-7 point win and a third-place overall finish. That left team # 7 win a fourth-place overall finish. Each of the top four teams are to be congratulated for having a great year.

Week 36's composite average was a 199.0 per game in a night with only two 700 series. Chris Price's 719 was the high scratch series. Patrick Joy had the other 700 with a 713 as well as the night's high scratch game with a 259. Barron McCaskill's 660 series gives him star-of-the-week honors at 99 pins over his average.

Chris Price (719) finished with the league high average of 234.5. Rai Doblmeier (691) had the second-high average with 231.3. Tyler Miller was third-high average at 223.0 and Maurice Ross finished with the fourth-high average of 222.0. Noel Dysart won first place in the individual points won category with 90.5 points won. Gabe Kiblin ended up second with 88.5 points won. Ben Argueta finished third in points won with 86.5 points and Andy Blazejewski finished fourth in that category with 86 points won.

Several teams were able to move up in their division by winning their matches in week 36. Team # 8, Tom and Jerry, in 'A' swapped places with team # 6 in the 'A' standings after winning 21 points in their head-to-head match. Team #16, Stone Age Strikers, won the most team points in week 36 (29) and ended up going around team #12, Brooklyn Proud 2, for a third-place finish in 'B'. Team #14, Irritable Bowl Syndrome, moved up two spots in the 'B' final standings after going 27-5 and rolling the week 36 high team handicap series with a 2927 total (Larry Tull 682, Tung Mai 666 and Barron McCaskill 660).

FOUR-IN-A-ROW 600+ CLUB

Chris Price (719) never had a series under 600 this season as he finished with thirty-six-in-a-row. Rai Doblmeier (691) finished with thirty-three-in-a-row - a 595 series in week 3 kept Rai from having his own perfect season. Josh Hurdle (670) finished with thirteen-in-a-row. Andy Blazejewski (653), Don Freeman (640) and Michelle Booth (626) ended up with eleven-in-a-row. Allen Walker (602) ended with ten-in-a-row and Bryan Anderson (672) and Gabe Kiblin (646) finished with eight-in-a-row. Subs Patrick Joy (713) and Jerry Owens (654) had seven-in-a-row after week 36. James Carroll (604) ended with six-in-a-row and Mike Manolis (699), Tim Davidson (643) and James Joy finished with five-in-a-row. The three newest club members in the final week of bowling were Paul Cecchini (639), Noel Dysart (619) and Kevin Anderson (600). Six club members dropped out of the four-in-a-row club in the season's final week - Tyler Miller after 11-in-a-row, Steve Miller after 7-in-a-row, Jonathan Butler and Brian Sesso after 6-in-a-row, and Dustin Batterberry and Joseph Stephens after 5-in-a-row.

SEVERAL REMINDERS

- For the last five weeks of our schedule (weeks 32-36), subs and extra roster members must have already bowled 9 or more games in our league to be eligible to bowl. I have listed 'eligible substitutes' separately starting in week 32.
- If each team has absentee and/or vacancy score(s), the players present must be placed in opposition to each other for individual matches. The winning team wins the points for opposing absentee or vacancy score(s).
- I maintain an email list and send updated league standing sheets via email to those who want to receive them. The standing sheet is also posted on the www.bowl.com web site. Our league code is '10394'.

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. Using that definition, there were thirteen winning streaks and seven losing streaks during the year. Team # 7, That's Radical, had the longest winning streak as they posted a 180-44 record from weeks 11 thru 17. Two teams had a pair of winning streaks - team #11 and team #19, Erratic. Team # 3, Yabba Dabba Doo, had an eleven-week losing streak starting in week 15 that relegated them to the basement in division 'A' for the remainder of the season. Team # 9, Drunk Monkeys, was the only team with two losing streaks, both in the first half of the season. Only four teams went the entire season without having a hot or cold streak (teams #3,4,5 and 17). Below are all this season's team winning and losing streaks and associated composite won/lost records.

Winning streaks

Tm 1 - 5 Wks 2-6(114-46)
 Tm 2 - 4 Wks 22-25(87.5-40.5)
 Tm 7 - 7 Wks 11-17(180-44)

HOW DID THIS YEAR'S LEAGUE AVERAGE COMPARE TO THE LAST TWO YEARS?

The league average this year of 198.5 was the third best composite average in league history. The following table shows that the end of season Commercial League composite average has improved for each of the past three seasons.

	2019-2020	2020-2021	2021-2022

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule (72 games) and carried the top averages in our league. As one would expect, there are some of the same old names from previous seasons. Chris Price had the league's high average at 234.5, is captain of the first-string team, and is the only repeat first-string member from last season. The other four first-string all-stars this season sat out last season. Michelle Booth and Glenn MacCullough both moved down to the second-string team after being first-string last season and Andy Blazejewski is a carryover from last year's second string. Allen Walker, captain of the second-string team this year, and Gabe Kiblin also sat out last season, sidelined due to the pandemic.

FIRST STRING

1. Chris Price - 234.5
2. Rai Doblmeier - 231.3
3. Tyler Miller - 223.0
4. Maurice Ross - 222.0
5. Andrew Blackmore - 221.6

SECOND STRING

1. Allen Walker - 216.3
2. Glenn MacCullough - 216.0
3. Michelle Booth - 215.3
4. Gabe Kiblin - 213.6
5. Andy Blazejewski - 213.5

FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I only included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Two bowlers who did not bowl this season still carry the leading averages in five of the six timeframes based on the criteria I used. Chhoeun To carries the high composite average for the 30-year, 25-year, 20-year and 15-year lists. Andrew Blackmore leads the 10-year list and Rai Doblmeier leads the 5-Year list. Chris Price has the second highest average on the 25, 20,15,10 and 5 year lists.

RECORD SETTING NIGHTS FOR 2021-2022

The overall average for the season was 198.5. A brief summary of this season's best nights follows.

- High Avg. Night 208.65 (Week 18 - 22 Dec)
- # 700 Series - 10 (Week 34 - 13 Apr)
- # 650-699 Series - 22 (Week 18 - 22 Dec)
- # 600-649 Series - 25(x2) (Week 31 - 23 Mar, Week 34 - 13 Apr)
- # 250 Games - 23 (Week 18 - 22 Dec)
- # 200-249 Games - 111 (Week 31 - 23 Mar)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

There were two clean sweep (32-0) matches this season, a feat now accomplished only 14 times in the previous eighteen seasons that we've been using the 32-point format. Team # 1, We're Big In Japan, did it against the blind team in week 22 and team #14, Irritable Bowl Syndrome, did it in week 31, also against the blind. Another five match's outcome were 31-1 this season.

Winning 28 or more points in a match is also no easy task as it was done only 61 times in the 360 matches that took place. Team #12, Brooklyn Proud 2, accomplished that feat six times, the most by any team. The team that won 28 or more points the fewest times all year (once) was, strangely enough, team #1 - the night they went 32-0.

Team #18, Inconceivabowl, the 'B' runner-up, won 20 or more points twenty-three times, the most times in the league and a big reason that they posted the best win-loss record in the league at 673-479. The 'B' champions, team #19, Erratic, did it the second-most times (eighteen times) on their way to the second-place overall league finish. Team #19 and team #16, Stone Age Strikers, were best at avoiding the big losing nights as each of them won less than 8 points only twice all season. The next most successful teams at avoiding big losses were team #12, Brooklyn Proud 2, and team #15, A/R Funding, each winning less than eight points only three times all season.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

FOUR-IN-A-ROW 600+ CLUB

Fifty different bowlers had at least one string of four consecutive 600 series or better. Chris Price led the way with his perfect thirty-six-in-a-row. Twenty-nine bowlers made it to the club more than once. Jonathan Butler, Kevin Anderson, Bryan Anderson and Paul Ceccini each made it into the club on four different occasions this season. Chris Price obviously had the most combined weeks in the four-in-a-row club with 36. Rai Doblmeier had the second longest string of 600s this season with 33-in-a-row which was also the second-most combined weeks a league member spent in the four-in-a-row club.

Total year 5 expenditures		<u>\$ 4,777.97</u>
Projected Fund balance on 31 May 2022		\$12,161.28

This season the Reggie fund paid the league lineage each week for five youth bowlers during the season. The fund also bought new bowling balls and bags for five of our youth bowlers. The fund paid the entry fees for any of our Saturday morning youth bowlers wanting to bowl in the 2022 city youth tournament and/or the 2022 Virginia state Pepsi tournament. Our youth bowlers participating in the city tournament won a total of \$980 in scholarship money. Results from the Virginia state Pepsi tournament entries are still pending. Hopefully, some of our youth bowlers who participated in that tournament will also be adding scholarship winnings to their SMART accounts.

This season the fund also paid the youth program director, Sue Owen, for the many hours she spends coordinating youth league activities. In past seasons, the youth director was paid at the minimum wage rate for those hours. However, this season Sue was not paid for her efforts. So, this season Sue was provided a payment for her efforts from the Reggie fund.

Sadly, John Hendrick passed away in February this year after a long battle with cancer. John was a huge supporter of the Reggie Rich Tribute Fund since it was established in May 2017. Over the past 3 seasons alone, John donated over \$2,800 to the Reggie fund out of his own pocket – and that doesn't even take into account additional donations others made following the fine example John set when he donated all his winnings whenever he won 50/50 drawings in his leagues. To honor John's memory, the Reggie fund paid John's remaining league fees owed as a gift to his estate. And, John's Commercial League team, team # 2, Waffle House Heroes, donated his \$2,200 share of first-place money to the Reggie Rich Tribute Fund in memory of John.

Once again, thanks for any and all individual donations as well as the contributions from leagues that donate their 50/50 proceeds to the Reggie fund. This season's Commercial League donation now totals \$4,724.40 to the Reggie fund. The First Niters will be adding another \$2,470.10. May 9th marks the fifth anniversary of Reggie's passing. Thank you everyone for honoring his memory in such a special way!!

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To be the Commercial League champion your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. That held true again this season for three of the top 4 overall finishers. Teams # 2 and # 7 finished first and second in the division but had the lowest and next-lowest opponent averages against them in 'A'. The same held true for team #18, the second place team in 'B', who had the 7th lowest opponents average rolled against them. Some of the lower finishing teams have the opposite experience, i.e. they seem to have the opposition bowling above average against them every week. That was very much the case for team # 3 in 'A' who had the 2nd highest opponent's average rolled against them within their division.

Of course other factors in addition to the scratch, handicap and opponents' average per game come into play during the nine-month long season. To win the division title you have to win your matches against the other teams within your division. It comes as no surprise that the top three teams in 'A' and two of the top three teams in 'B' had the best winning percentages in their regularly scheduled division matches. Winning streaks and avoiding big losing nights are also important. Team # 2 in 'A' had a four-week winning streak and no extended losing streak. On the 'B' side, team #19 had two five-week winning streaks which helped to offset the one four-week losing streak they had. Team #19 was also aided by the fact that they won less than eight points only twice all year.

Another factor in winning the division title sometimes depends on how well the first place team fared against the eventual runner up in their division. This season both division winners held their own against the runner-up teams. In 'A', team # 2 held a 55-41 advantage in their three matches with team # 7. In 'B', team #19 and team #18 were fairly evenly matched, although team #18 did have a 66-62 advantage in the four times they met.

THE 2021-2022 SEASON IN REVIEW

After two seasons of dealing with a variety of covid19 issues, the 2021-2022 bowling season was pretty much a return to normalcy. Our league fielded eighteen teams and returned to our traditional two-division format. The following paragraphs summarize highlights of the divisional races.

DIVISION 'A' RACE

Five of the nine teams in 'A' held first place for at least one week during the season, with four of those teams doing so in the first six weeks. Things settled down a bit starting in week 8 as team # 1, We're Big In Japan, took the lead and held it through week 14. Team # 7, That's Radical, took over first place in week 15 and stayed there for thirteen consecutive weeks. In week 28, team # 5, Dead Man Walk'n, took the 'A' lead and held it for four of the next five. Team # 7 moved back into first place for a one-week stay in week 30, the last time they would be in first. In week 33, team # 2, Waffle House Heroes, moved into the top spot for the first time since week 7 and ended up winning the division by 21 points over team # 7. As noted on page 13, team # 2 went on to win the league championship in week 36's match between the division winners.

DIVISION 'B' RACE

Five of the nine 'B' teams held first place at least for one week during the season. Team #14, Irritable Bowl Syndrome, and team #16, Stone Age Strikers, were the early leaders in 'B', as one of those two teams was in first place for twelve of the first thirteen weeks. That all changed in week 14 when team #19, Erratic, moved into first place and pretty much dominated 'B' the rest of the way. Team #18, Inconceivabowl, stayed within striking distance, and even took the 'B' lead in weeks 25 thru 28. However, team #19 weathered that storm, regaining the lead in week 29 and winning by just enough the rest of the way to claim the 'B' title in their week 35 showdown with team #18.

SOME LAST MINUTE THOUGHTS

As always, but especially true as we work to get more of our bowlers back, we could use everyone's help in recruiting individual bowlers and/or teams for the upcoming 2022-2023 Commercial League season. It would be great to have at least the 20 teams we had before COVID hit. That would also ensure the continuation of our traditional two-division format. And we still have room to add teams. I will be contacting team captains later this summer to confirm your team's status.

As noted at the bottom of page 18, once again this year the proceeds from the Reggie Rich Tribute fund were used to support the youth bowling program here at BAFC. A special thanks to Diana Booth for selling 50/50 tickets each week to make that donation possible. With John Hendrick's passing, we will miss his generous support and the fine example he set for others. As a fitting tribute to John's generosity - and in doing "what John would want done" in ensuring that the money goes to a good cause - John's team donated his \$2,200 share of first place money to the Reggie fund. I hope others will continue to donate part or all of their 50/50 winnings to the Reggie fund. Altogether, this season the Commercial League donation to the Reggie Rich Tribute Fund totaled \$4,724.40 - an incredible way to honor both Reggie and John's memories. Well done!
