FALLS CHURCH COMMERCIAL LEAGUE

BOWL AMERICA FALLS CHURCH

The following six tables list the 20 bowlers with the most games bowled for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. It doesn't mean that the listed bowlers bowled each and every year during the time periods covered - just that their number of cumulative games for that period are among the top 20 of current Commercial League members. All lists include only bowlers who bowled at least 9 games total in the 2022-23 Commercial League, displays each listed bowler's composite Commercial League average for the referenced time span, and shows how that composite average ranks with the other 19 bowlers listed for that same period of time.

Some observations concerning the above four tables and my supporting data files:

- Scott Williams has the most games bowled for each of the 30, 25, 20 and 15-year lists. In fact, in the thirty-six years that Scott has bowled in the Commercial League he has only missed thirteen nights of bowling. John Holtzclaw also has an impressive attendance record in the seventeen years he has bowled as a regular - missing only six nights of bowling and having thirteen years of perfect attendance.
- Terry Wiley (214.91) has the highest average for league members that qualified for the 30-year list, Mike Manolis (213.48) has the high average of those on the 25-year list, and Glenn MacCullough leads both the 20-year list (215.55) and 15-year list (216.48) in average.

Additional observations concerning the preceding tables and my supporting data files:

- Eleven current league members have enough sustained longevity in the league to have appeared on all six lists. In alphabetical order they are - Andy Anderson, Bryan Anderson, Kevin Anderson, Carl Armstrong, Richard Ernst, John Holtzclaw, Glenn MacCullough, Hollis McMullen, Scott Miller, Scott Williams and Willie Williams.
- Scott Williams has the most games bowled over the last 10 years (1035 out of a possible 1041). John Holtzclaw missed one more week than Scott over that span and has bowled the second-most games with 1032. Chris Price has the most games bowled (507) on the 5-year list and is the only Commercial League member with perfect attendance over that time frame.
- Chris Price also has the high average of bowlers qualifying for the 10-year list (221.89 average) and the 5-year list (227.01 average).
- Many of our long-time 'regular' league members sat out the Covid19-impacted 2020-2021 season and therefore were not among the top twenty bowlers with the most games bowled over the last five years. Others just took a break from bowling for a while. Just be aware that we are glad you are back bowling with us and hope to compete with you in each of the coming seasons.

2022-23 Commercial League Perfect Attendance

Thirteen bowlers maintained a perfect attendance record during the year, four in 'A' and nine in 'B'. Pre-bowled and post-bowled matches count towards perfect attendance, as does a night when a bowler bowls only one or two games.

'A' Division

2 - Jonathan Butler
 3 - Dan Hoang
 8 - Barron McCaskill
 9 - Richard Ernst

'B' Division

13 - Steve Miller
 13 - Rai Doblmeier
 15 - Andy Blazejewski
 16 - Scott Williams
 17 - Bryan Anderson
 18 - Mike Simmavong
 18 - Chris Price
 20 - Gary Singletary
 24 - Kevin Lorenz

2022-2023 FALLS CHURCH COMMERCIAL LEAGUE
BOWL AMERICA FALLS CHURCH
HIGHLIGHTS FROM WEEK #36 - 3 MAY 2023

Congratulations to team # 2, A/R Funding, as they prevailed by winning 25.5 points from team #18, M&M's, in the high-scoring championship match. Team #2 won the first game by 10 pins (1011-1001) in spite of Mike Manolis's 300 game, won game two a little easier (945-916) and then secured the league championship with a one-pin victory in game 3 (991-990). Team #18, last year's champions, had the week's second highest team handicap series (2907) and did finish second overall in the standings this year. The match between the two second-place division teams (team # 5 and team #22) was not as high scoring as the championship match but team #5 did come away with a 20-12 point win and a third-place overall finish. That left team #22 with a fourth-place overall finish, a nice way to end their first year in the league. In fact, congratulations to each of the top four teams for having a great year.

The overall league average for week 36 was 196.7. Mike Manolis had the high scratch series (762), high scratch game (300) and was the star of the week at 123 pins over his average. There were four other series over 700 this week - James Joy 737, James Christie 709, Vince Phillips 706 and Josh Hurdle 701.

Rai Doblmeier (648) finished with the high league average of 229.5. Malcolm Ames (682) was second-high average with 228.5 and Andrew Blackmore (640) had the third-high league average at 225.3. Chris Price (691) ended up with the fourth high average at 224.8. Gary Singletary swept his individual points in week 36 and nailed down first place in the individual points won category with a total of 86.5 points. Carl Armstrong ended up in second place with 82.5 points and Dan Hoang finished third with 81 points. Scott Miller and Glenn Feagans tied for fourth in individual points won with 80 points each.

Team # 2, our newly-crowned league champions, definitely brought their 'A game' when they needed it the most as they had the high team handicap series in week 36 with a 2947 total (Josh Hurdle 701, Michelle Booth 694, Mike Clark 670 and Jonathan Butler 621). A good time to have a good night!

FOUR-IN-A-ROW 600

Rai Doblmeier (648) finished the season with a string of thirty-three 600+ series in a row. Andrew Blackmore (640) ended up with twenty-five-in-a-row while Malcolm Ames (682) ended with twenty-three-in-a-row. Adam Pritchett (669) had the last nineteen-in-a-row and Tyler Miller (657) finished with eighteen-in-a-row. Steve Hill's 656 gave him sixteen-in-a-row while Mike Manolis (762) and Bryan Gordon (622) concluded their seasons with fifteen-in-a-row. James Christie (709) and Bobby Hall II (670) finished with twelve-in-a-row while Allen Walker (682) and Scott French (639) ended with eleven-in-a-row. Sean Friendly (661) ended with nine-in-a-row and Josh Hurdle (701) and Bobby Moore (664) closed out their season with eight-in-a-row. Michelle Booth (694) finished with six-in-a-row and James Carroll (636), Gabe Kiblin (630) and Bryan Anderson (619) each ended up with five-in-a-row. There were no new club members in the final week and the lone club dropout in week 36 was Don Freeman as he failed to get past 4-in-a-row.

SEVERAL REMINDERS

- Per our bylaws, starting in week 32 subs and roster members must have already bowled a minimum of 9 games to be eligible to bowl. I will list 'eligible substitutes' on my standing sheet.
- In all interdivisional rounds, the team on the left lane enters their lineup order first. The team on the right then enters their lineup order.
- Per our league bylaws, if each opposing team is using absentee and/or vacancy score(s), the players present must be placed in opposition to each other for individual matches and the winning team is credited with the individual points for opposing absentee or vacancy score(s).

HOT STREAKS and NOT-SO-HOT STREAKS

I define a streak as four or more consecutive weeks of winning (or losing) 20 or more points each week. Using that definition, there were twelve winning streaks and sixteen losing streaks during the year. The two division winners (teams # 2 and #18) each had a 6-week winning streak, the longest winning streaks during the year. Team # 5 and team #18 each had winning streaks three different times. On the losing end of things, team #15 had the longest losing streak over a 7-week stretch. Team #20 was the only team with losing streaks three different times. Eight teams went the entire season without having a hot or cold streak. This season's team winning and losing streaks and associated composite won/lost records are listed below.

Winning streaks

Tm 1 - 4 Wks 2-5(101.5-26.5)
 Tm 2 - 4 Wks 3-6(95-33)

HOW DID THIS YEAR'S LEAGUE AVERAGE COMPARE TO THE LAST TWO YEARS?

The league composite average this year was a respectable 196.1 - not bad for 96 bowlers each week. The following table compares the end of season Commercial League composite average for each of the past three seasons.

COMMERCIAL LEAGUE ALL-STAR TEAMS

This section salutes our regular bowlers who bowled at least two-thirds of the schedule (72 games) and carried the top averages in our league. As one would expect, there are some of the same old names from previous seasons. Carrying the league's high average, Ray Doblmeier captains the first-string team and is one of three repeat first-string members from last season. Chris Price and Andrew Blackmore are the other two. The other two first-string all-stars this season (Malcolm Ames and Adam Pritchett) are new to the league. Tyler Miller moved down to the second-string team after being first-string last season, joining Michelle Booth as a carryover from last year's second string. The remaining second-string team (Bryan Gordon, Sean Friendly and Kevin Lorenz) are also new regular members of the Commercial League this season.

For you high average bowlers, ever wonder how you have been averaging compared to everyone else over the past 5,10,15,20,25 or even 30 years. The following six tables list the 25 highest averaging bowlers for the past 30 years, 25 years, 20 years, 15 years, 10 years, and 5 years. I only included bowlers who have bowled at least 25% of the maximum number of games for the specified period listed - even those who may not still be bowling in our league. Each list shows the names of the top 25 bowlers from highest to lowest average for that time period and displays each bowler's composite Commercial League average. Two bowlers who did not bowl this season still carry the leading averages in five of the six lists based on the criteria I used. Chhoeun To carries the high composite average for the 30-year, 25-year and 20-year lists. Rich Lucey Jr leads the 15-year list and Rai Doblmeier leads the 10-year and 5-Year lists. Chris Price and Andrew Blackmore are second and third on the five of the six lists.

RECORD SETTING NIGHTS FOR 2022-2023

The overall average for the season was 196.1. A brief summary of this season's best nights follows.

- High Avg. Night - 202.44 (Week 25 - 15 Feb)
- # 700 Series - 14 (Week 33 - 12 Apr)
- # 650-699 Series - 24 (Week 31 - 29 Mar)
- # 600-649 Series - 31 (Week 15 - 7 Dec)
- # 250 Games - 23 (Week 29 - 15 Mar)
- # 200-249 Games - 140 (Week 31 - 29 Mar)

HOW YOUR TEAM DID IN THE WON/LOST DEPARTMENT

There were no clean sweep (32-0) matches this season, a feat accomplished only 14 times in the nineteen seasons that we've been using the 32-point format.

Winning 28 or more points in a match is also no easy task as it was done only 52 times in the 432 matches that took place. Team #24 accomplished that feat six times, the most by any team. Team #20, I Am!!, was the only team not to win 28 or more points all season. Their best night was going 27-5 in week 24.

Our league champions, team # 2, A/R Funding, won 20 or more points twenty-one times, the most times in the league and a big reason that they posted the best win-loss record in the league at 678-474. Team # 1, Allen Goes Primal, did it the second-most times (twenty times) on their way to a third-place finish in 'A'. The two second place teams, team # 5 and team #22, were best at avoiding the big losing nights as each of them won less than 8 points only once all season. The next most successful teams at avoiding big losses were team # 8, Pocket Rockets, and team #23, Emotional Damage, each winning less than eight points only two times all season.

The following table shows how each team finished in their division and the number of times that each team won the number of points indicated in the last eight columns.

TEAM #	DIV FINISH	WON 28+	WON 24-27.5	WON 20-23.5	WON 16-19.5	WON 12-15.5	WON 8-11.5	WON 4-7.5	WON 0-3.5

Once again, thanks for any and all individual donations as well as the contributions from leagues that donate their 50/50 proceeds to the Reggie fund. May 9th marks the sixth anniversary of Reggie's passing. The youth program here at Falls Church has continued to grow and much of that growth has happened thanks to the additional financial support provided by the Reggie Rich Tribute Fund. Thank you everyone for honoring Reggie's memory in such a special way!! It would also be appropriate to remember those who are no longer with us who were key contributors to the Reggie fund before they passed away - John Hendricks, Mike Boyd, John Ludes, to name three. And let's not forget those who continue to give so generously in memory of those just mentioned (Ted, Chris, Margaret, Steve Hugo, Kevin Kirchner, Hollis to name just a few).

SCRATCH AND HANDICAP TEAM GAME AVERAGES RANK ORDERED

Listed below, for each division, are each team's averages for scratch game (column 1) and handicap game (column 2) categories. Column three shows the rank order of the opposing team's average handicap game.

To be the Commercial League champion your team has to both bowl well during the year and be fortunate enough to catch your opponents on other than their best nights. At the conclusion of each season, one of the more telling stats is always how well the opposition bowled against your team. That held true again this season. Teams # 2 and # 5 finished first and second in 'A' division, due in part that they the lowest and next-lowest opponent averages rolled against them. How well your opponents bowl against you also helps to determine which teams finish last. For example, team #16 in 'B' had the highest opponent's team average rolled against them in 'B' and finished in last place, despite having the fourth best scratch and handicap team averages in the division. Team #15 suffered a similar fate as they finished in tenth place after having the second highest opponent's team average shot against them.

Of course other factors in addition to the scratch, handicap and opponent's average per game come into play during the nine-month long season. To win the division title you have to win your matches against the other teams within your division. It comes as no surprise that the top two teams in 'A' and two of the top three teams in 'B' had the best winning percentages in their regularly scheduled division matches. Winning streaks and avoiding big losing nights are also important. The top two teams in 'A' (team # 2 and team # 5) and team #18 in 'B' all had multiple winning streaks during the year.

Another factor in winning the division title sometimes depends on how well the first place team fared against the eventual runner up in their division. That definitely played a key role in the 'A' division outcome this season as teams # 2 and # 5 faced each other four times. Team # 2 had the edge in those matches, winning 79 points while only losing 49 points. That helped propel team # 2 to the division title and, ultimately, to the league title.

BOWLERO FALLS CHURCH

THE 2022-2023 SEASON IN REVIEW

We added six teams this season to give us two 12-team divisions. The schedule consisted of one round within division (11 weeks), one round across divisions (12 weeks), 6 divisional position rounds, 6 interdivisional position rounds, and a final week with the top two teams in each division bowling their opponents in the other division while the other twenty teams bowled one last divisional position round. The following paragraphs summarize highlights of the divisional races.

DIVISION 'A' RACE

Five of the twelve teams in 'A' held first place for at least one week during the season. Team # 3, Can't Get Right-Again, was in first in week one and it was one-and-done for them as they never returned to the top spot. Team # 8, Pocket Rockets, fared slightly better as they were in first place twice (weeks 2 and 18) but never were serious challengers after week 18. The other 'A' team to hold first place for only one week was team # 1, Allen Goes Primal, who led 'A' after week 11 and ended the season in third place in 'A'. For the remainder of the thirty-one weeks in 'A', it was a two-horse race between team # 2, A/R Funding, and team # 5. Both teams had been in first place for a total of fifteen weeks through week 34. Team # 5 had had the biggest lead of any team this season with a 52-point division lead after week 30. Going into week 35's position round, team #5 had a 13-point lead but team # 2 came away with a huge 28-4 victory and the 'A' title. As noted on page 14, team # 2 went on to win the league championship in week 36's match with team #18, M&M's, the 'B' division winner.

DIVISION 'B' RACE

Only three of the twelve 'B' teams held first place during the season. Team #22 was the early leader in 'B' as they were in first place for the first seven weeks of the season. Although they never were in first place again, team #22 did have a great season as they ended up in second place in 'B' and in overall fourth place for a nice pay day. Team #24 took the 'B' lead for the first time in week eight and was atop 'B' for a total of eleven weeks the rest of the way. Team #18 took the lead for the first time in week nine and led the division for a total of sixteen weeks through week 34. Going into week 35's all-important position round with a 31.5-point lead over team #22, team #18 easily locked up the 'B' title. They did lose a chance to repeat as league champions when they were on the losing end of an exciting, high-scoring championship match versus team # 2, A/R Funding, in the final week.

SOME LAST MINUTE THOUGHTS

As always, we can always use everyone's help in recruiting individual bowlers and/or teams for the upcoming 2023-2024 Commercial League season. Based on input I have already received regarding picking up new teams, it looks like we could be adding another 4-6 teams for the 2023-2024 season.

As noted at the bottom of page 19, once again this year the proceeds from the Reggie Rich Tribute Fund were used to support the youth bowling program here at BAFC. A special thanks to Diana Booth for selling 50/50 tickets each week to make that donation possible. I hope others will continue to donate part or all of their 50/50 winnings to the Reggie fund. Altogether, this season the Commercial League donation to the Reggie Rich Tribute Fund totaled \$3,202 - an incredible way to honor both Reggie and John Hendrick's memories. Well done!

DATES TO REMEMBER:
