

Briscoe's perfecto achieves two of three goals

Briscoe

When Shirley Briscoe of the District became one of 11 WDCAWBA members to toss a perfect game last season, she achieved two of her three bowling goals. The first was to roll 10 consecutive strikes so that she could win a special side pot; the second was to bowl two more strikes for her first 300 game. (Her previous high game was 279 at Parkland.)

Briscoe, who began bowling in a 1973 postal league at Bowl America Glassmanor at the urging of her friend, Lucille McBrayer, said she concentrated on keeping her thumb up so that she'd have a chance at the pot.

Briscoe's third bowling goal, a 700 series, eluded her that day in the Friday Morning Mixed league at Bowl America Silver Hill, but she did score a respectable 666 series.
