

## TONY SUTPHIN TOPS 800 BARRIER

On January 7 Tony Sutphin, bowling in the Tuesday Civic League at the McLean Bowling Center, rolled the highest series ever in this area with an 810 on games of 266, 288 and 256.

Sutphin, 17, said that he was definitely thinking about the recently-established association series record of 791 by Larry O'Neill in September and felt that it would be an honor to surpass it because of the "great respect" he has for O'Neill's bowling ability.

He currently is averaging in the high 190s in three leagues at McLean. His previous highs were a 268 game and a 719 series. He is planning to join the Professional Bowlers Association next year and says he has a good chance of obtaining a sponsor for the tour.
