At left, Kelly Bell made a memorable introduction of 2018 Hall of Fame inductee Tony Walton, his childhood friend. His discussion of some of the highs and lows in Walton's life, both on and off of the lanes, generated much laughter and even brought some tears among the gathering.

Meanwhile, Walton, after embracing his friend, spent much of his speech thanking many of the people in his life, again, on and off of the lanes, who he said made this honor so special for him.

This NCAUSBCA Hall of Fame ring is one of many items presented to *Tony Walton*.
